Bare Concrete

# SHIELD-CRETE® CLEAR GLAZE COAT

Protect your investment by adding single component SHIELD-CRETE® topcoats in water-based and solvent-based options. Keep garage floors clean, and the DECO-FLAKES of your epoxy coating locked in, with H&C® SHIELD-CRETE® ACRYLIC CLEAR GLAZE COAT and H&C® SHIELD-CRETE® SOLVENT-BASED CLEAR TOPCOAT. These clear sealers resist common chemical agents while maintaining a protective barrier for the decorative flakes in the SHIELD-CRETE® WATER-BASED EPOXY GARAGE FLOOR COATING KIT. Cover a 2 1/2 car garage (400 square feet) with our formula, making it easier to clean as well.

## FEATURES & BENEFITS:

- One-component, clear, solvent-based and water-based acrylic sealer options
- Provides superior protection for SHIELD-CRETE® DECO-FLAKES
- Glossy finish makes it easier to keep your garage floors clean
- Required when DECO-FLAKES cover more than 50% of surface

## RECOMMENDED USES:

- Garage floors
- Commercial floors
- Basement floors
- Laundry room floors
- Covered patios and landings

  
**IMAGINE THE POSSIBILITIES OF CONCRETE.**
