soul of the kimberley

Kingfisher operates across iconic Kimberley locations including Kununurra, Purnululu National Park (Bungle Bungle Range), Punamii-Uunpu (Mitchell Falls), and Kalumburu Coast. Kingfisher Tours and staff have a long standing relationship in the Kimberley and provide an insightful and informative perspective on the Kimberley Region.

Aboriginal and local guides run the tours on country, delivering a unique product and sharing the rich history of the region on our small group adventures into the heart and soul of the Kimberley; the stories of the land and the dreamtime are experiences that are not forgotten in this part of the world. Our tours depart from Kununurra, Halls Creek, Darwin and Broome, on beautiful scenic air tours to your destination.

Once we land at our incredible destinations our guests are welcomed to country by their Kingfisher local guide and taken for fresh tea and damper, then off on the ground tour up the beautiful Mitchell Falls, along the north coast, into the Bungles or the famous Argyle Diamond mine. Our ground tours boast local produce and some bush tucker for lunches.

Guest accommodation is at our partner APT's pristine wilderness and coastal lodges in the Bungle Bungles or Mitchell Falls. We are also able to provide beautiful accommodation in Kununurra through the Kununurra Country Club Resort for guests that wish to book a full package. We fly into El Questro, Emma Gorge, Home Valley, Berkeley River Resort, Kimberley Coastal Camp and Far Away Bay to pick up and drop off guests for any of our tours and are able to provide overnight packages at these locations. Please don't hesitate to call our reservations staff, who are local Kimberley residents, with any requests.

Kingfisher Tours are very conscious of our pristine wilderness that we live and tour in. Tourism does not have to have a large footprint on the environment and local culture. As such we have introduced several initiatives to minimise the single use plastic in the business and continue to encourage other tour operators to do the same. We also believe tourism is an important industry to generate future employment and pride for local people. We work closely with other businesses to grow and support this ethos.

Kingfisher Tours want to ensure a positive experience for local people, tourism companies, and tourists alike.
