*Directions given as to the Manner in which Entries were to be made in the Enumeration Schedule.*

After "City or Borough of" write the name, if the District is in a City or Borough; if not, draw a line through those words, or through whichever of the two the District does not belong to. After "Parish or Township of" write the name; if there is no Township in the Parish, draw a line through "Township;" if it is a Township, write the name of the Township, and draw a line through "Parish." If it is Extra-Parochial, draw a line through "Parish or Township of," and write "Extra-Parochial" over those words, and after it the name.

(if in a Town), and No. of the House . . . . .

Name and Surname of each Person who abode or slept in this House on the Night of June 6.	Age of Males.	Age of Females.	Of what Profession, Trade, or Employment, or if of Independent Means.	Whether Born in the County.	Whether Born in England, Ireland, or Foreign Parts.
[Here follow a sufficient number of lines for the description of each inmate.]					

The foregoing is a true Return for this House, or for such part of this House as is occupied  
by \_\_\_\_\_

Witness my Hand \_\_\_\_\_

N.B.—If the Return is for the whole house, draw a line through the word "or" and the words following; if for part of the house, draw a line through the words "for this house, or," and state after "by" the name of the occupier; then sign your name after the words "Witness my hand."

[Here follow similar directions to those accompanying the Enumerator's Schedule.]

In the column headed "Place," write the name of the house (if it has a name), or of the street or other part of the town, or of the village, hamlet, or extra-parochial place in which it stands, opposite to the mark denoting each house, or the first house in the street, &c., and write *do.* opposite to every other in the same street, &c.

"Houses."—Insert houses uninhabited or building in the manner shown in the Example, writing "1 U." or "1 B.," as the case may be, in the proper column, opposite to the inhabited house to which each stands nearest. Every house which is unoccupied at the time of your visit, and is believed not to have been slept in the night before, may be inserted as uninhabited. New houses, not yet inhabited, may be inserted as "Building." Where there is a row of such houses, the total number may be inserted before the letter B, instead of the separate insertion of each.

By "House" is meant Dwelling-House; and every building in which any person habitually sleeps must be considered as a dwelling-house; but buildings, such as churches or warehouses, or any others which were never used, or intended to be used, as dwelling-houses, must not be inserted.

"Names of each Person who abode therein the preceding night."—Insert, without distinction or omission, every living person who abode or slept in each house. Leave no blank spaces between the names, but enter each immediately after the one preceding it, so that each page may contain 25. Set down one after the other those who have the same surname, beginning with the heads of the family, and put no others between them. As long as the surname is the same do not repeat it, but write "do." Where there are more christian names than one, as "John William," or "Maria Louisa," write down only the first.

When the person is a Peer or Peeress, the title may be written instead of the name. The words "Lord," "Lady," "Sir," "Rt. Hon.," "Hon.," may be put before the names of those to whom they belong.

If no christian name has been given to an infant, write "n.k." for not known, as in Example.

If, as may happen in a lodging-house or inn, a person who slept there the night before has gone away early, and the name is not known, write "n.k." where the name should have been.

At the end of the names of each family draw a line thus /, as in Example. At the end of the names of the inmates in each house draw a double line, thus //.

"Age and Sex."—Write the age of each person opposite to the name in one of the two columns headed "Males and Females," according to the sex.

Write the age of every person under 15 years of age as it is stated to you. For persons aged fifteen years and upwards, write the lowest of the term of 5 years within which the age is. Thus, for Persons aged—

15 years and under 20 write 15	45 years and under 50 write 45
20 years and under 25 write 20	50 years and under 55 write 50
25 years and under 30 write 25	55 years and under 60 write 55
30 years and under 35 write 30	60 years and under 65 write 60
35 years and under 40 write 35	65 years and under 70 write 65
40 years and under 45 write 40	70 years and under 75 write 70

and so on up to the greatest ages.

If no more can be ascertained respecting the age of any person than that the person is a child, or is grown up, write "under 20," or "above 20," as the case may be.

"Profession, Trade, Employment, or of Independent Means."—Men, or widows, or single women, having no profession or calling, but living on their means, may be inserted as independent, which may be written shortly thus, "Ind."

The profession, &c., of wives, or of sons or daughters living with their husbands or parents, and assisting them, but not apprenticed or receiving wages, need not be set down.

All persons serving in Her Majesty's Land service as officers or privates in the Line, Cavalry, Engineers, or Artillery, may be entered as "Army," without any statement of their rank, adding "H. P." for Half Pay, and "P." for Pensioner.

All persons belonging to Her Majesty's Sea service, including Marines, may be entered as "Navy," adding "H. P." for Half Pay, and "P." for Pensioner.

All domestic servants may be entered as "M.S." for Male Servant, or "F.S." for Female Servant, without statement of their particular duties, as whether butler, groom, gardener, housekeeper, cook, &c. &c.

Insert all other professions, trades, or employments, as they are described by the parties, or by others on their behalf, writing "J." for Journeyman, "App." for Apprentice, and "Sh." for Shopman, after the statement of the trade of those who are such. "Master" need not be inserted; every one will be so considered who is not entered as journeyman or apprentice.

Time may be saved by writing the following words shortly; thus, "M." for Manufacturer, "m." for Maker, as "Shoem." for Shoemaker, "Cl." for Clerk, "Ag. Lab." for Agricultural labourer, which may include all farming servants and labourers in husbandry. Use no other marks or abbreviations but those herein allowed.

Rank, or any such term as "Esq." or "Gentleman," must not be entered in this column.

"Where Born.—Whether in the same County."—Write opposite to each name (except those of Irish, Scotch, or Foreigners) "Y." or "N." for Yes or No, as the case may be.

"Whether in Scotland, Ireland, or Foreign Parts."—Write in this column, "S." for those who were born in Scotland; "I." for those born in Ireland; and "F." for Foreigners. This latter mark is to be used only for those who are subjects of some Foreign State, and not for British subjects who happen to have been born abroad.

Enter the Totals at the bottom of each page as in the Example, and enter and add up all the Totals in the Summary in the last page. This may be done at home, and must be written with ink.
