The secondary school Cloud MIS is well established and is constantly being developed closely with our schools.

Specific modules for Secondary schools include; cover, timetables, period registration, exams, plus much more. The integrated system also offers complex analysis of all the data within your MIS.

## **BROMCOM**

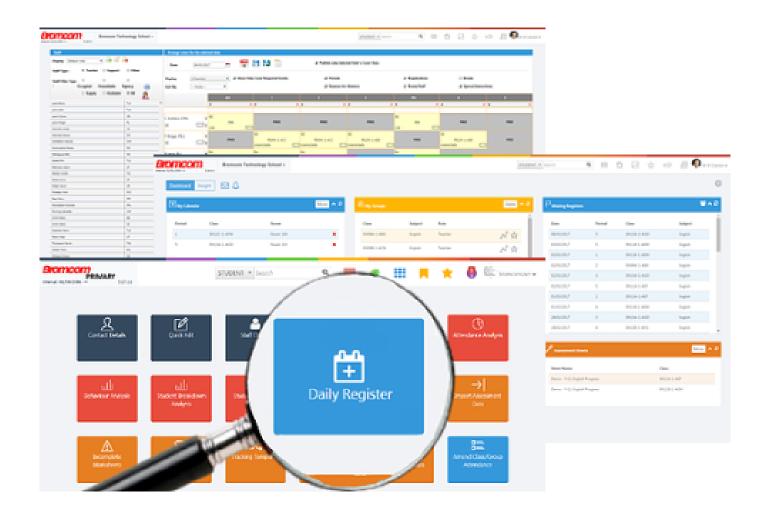

## Bromcom EZee Primary Management Information System (MIS)

Bromcom EZee Primary Cloud MIS was designed in conjunction with a range of schools. Still Cloud-based and easy to use, yet powerful underneath.

With Primary specific features such as Dinner Money, One Click easy to use menu, super quick Attainment and Progress report creation and simplified reporting and analysis.

## **BODICATION BODICATION**Multi-Academy Trust Management Information System (MIS)

The secondary school Cloud MIS is well established and is constantly being developed closely with our schools.

Specific modules for Secondary schools include; cover, timetables, period registration, exams, plus much more. The integrated system also offers complex analysis of all the data within your MIS.
