## Eoslift DBA25B Wide Pallet Truck

This version of the DBA Eoslift pallet truck had wider than standard across forks dimensions of 685x1220mm, better for bigger pallets.

Supplied with Polyutherane wheels for quiter running that offers more grip and offers better protection against damage on delicate flooring surfaces.

TUV/GS Approved and CE rated.

2500kg Capacity and Heavy Duty Contruction.

Integral pump body, with all major rotating points equipped with oil free self-lubricating bearings or injection nozzles.

Single step moulding process, with fork and frames welded by robot.

Always check your pallet sizes first, to ensure that you have the most appropriate hand pallet truck size for your needs.

If you are unsure of the pallet truck size that would best suit your requirements best, then please contact our technical sales team.
