

FLOOD EXPO

POST SHOW REPORT 2015

The Flood Expo once again received a fantastic response from exhibitors and visitors alike over its two day run in October, continuing its proud reputation for producing the flood industry's premier conference and exhibition

2,283 ATTENDING
150 EXHIBITORS
80 SEMINARS
PANEL DEBATES
LIVE DEMOS ON THE THAMES
SEARCH AND RESCUE NETWORKING AREA
ENVIRONMENT AGENCY NETWORKING AREA

Flood Expo rewarded us with a very decent number of quality enquiries, especially for our passive flood defence barrier, Auto Dam. Ham Baker Group certainly benefits from exhibiting at such a focused show. 2016 will see us increase the size of our stand for the third consecutive year. If you're in any way connected to the flood defence industry, Flood Expo is an absolute must.

Paul Higginson, Director, Ham Baker Group.

We've had some of the most influential peers of the industry stop by and look at our stand. It's more than we could've hoped for and it's been consistent throughout the day.

Jeff Charlton - Building Forensics

The Flood Expo 2015 was, as always, a great show. The visitors to the event are always of a high calibre, and this year in particular we were excited to have lots of interest from water utilities and local councils, resulting in some really promising interactions.

Chris Peacock, Aquaread

We came to the Flood Expo to meet local authorities to give advice on how our products can be integrated into landscapes to make them flood resilient. We met bodies, agencies and key stakeholders associated with flooding all under one roof and would recommend this show to anyone associated with flooding.

Alice Couldwell, Marshalls

FLOOD EXPO

FLOOD EXPO 2016

Next year's event will be on:

12th & 13th October 2016
ExCeL, London

For more information about exhibiting at the Flood Expo 2016, please contact Jon Greenslade via email

jon.greenslade@prysmgroup.co.uk

or phone 0117 930 4927

The Flood Expo team would like to thank everyone involved in making a truly spectacular and impactful event, and whose contribution will strengthen the strategies and solutions in flood defence and prevention.

The show exceeded my expectations with the quality of delegate, I was so busy I missed lunch on both days!

Laurie Reynolds, AquamatiX
