

Stuart and Jo from Sutton Coldfield were looking to extend and refurbish their home. **This is their story.**

### THE PROJECT: REAR EXTENSION/DOUBLE STOREY & INTERNAL IMPROVEMENTS

"We were looking for someone with experience. Our architect recommended DHP. We didn't get anyone else to quote because the recommendation and Paul's attitude were superb

Paul was very detailed, he identified all the procedures and provided a very detailed quote with each item quoted individually. We felt very confident in giving DHP the project."

### THE DHP APPROACH

"DHP were very easy to work with. They started on the 6th Feb at 8am and from that day forward they always appeared first thing every morning. All the teams worked hard to ensure the project ran smoothly and always stayed until its done, on some occasions as late as 10pm. They kept to time-scales and budget.

We were never left in the lurch and the building was always left safe and secure. We lived while the work was going on with hardly any discomfit. Sometimes 8-9 people on site. Everything was thorough and came in within budget.

They were here day in day out and worked hard from start to finish."

"Very comprehensive & professional throughout the project."
