COMSCENTRE
COLLABORATION

UNIFY YOUR WORKSPACE

Unified Collaboration creates a unified workspace by integrating data, IP communications, collaboration products and applications into a single system.

Your business will communicate more efficiently in providing a better service to customers with seamless, end-to-end communications.

WHY UNIFIED COLLABORATION

INFORMATION MANAGEMENT
Connect co-workers, partners, vendors and customers with information and expertise.

VIDEO ANYWHERE
Access and share video at work, on demand and on the road as easily as making a phone call.

BETTER TEAM INTERACTIONS
Facilitate better interactions by dynamically bringing together teams, individuals and virtual workgroups.

MOBILE DEVICES
Extend your corporate network to mobile devices, so employees can be productive anywhere.

Who we are

Comscentre is an Australian owned business communications service provider offering enterprise grade voice, data, video, LAN and WAN managed communications services.

Through our comprehensive range of communications solutions, we provide reduced complexity, reduced business costs and improved productivity. Comscentre's unique One Touch Control solution amalgamates voice, video and data into one centralised fully managed service.

This means our customers have one organisation, one contact point and one monthly bill for all their network and communication needs. Specialising in communications solutions for mid-market and enterprise organisations, Comscentre has offices in Sydney, Melbourne, Brisbane, Perth, Adelaide and Asia.

Comscentre exists to provide the communications networks that connect your staff to each other and to your customers. Communications that work without excuse so that your business can communicate better, allowing you to concentrate on making your business a better place for your staff and your customers.
