

B.I.G's Selfit® System gives you everything you need to produce high quality, personalised, re-usable name badges with less hassle, in less time!

### Three quick steps to a professional image...

1. We supply the fully branded badges (you choose from a range of sizes) pre-printed with your corporate identity
2. Using B.I.G's unique Selfit® software you print the names you require direct from your PC
3. Simply slide the names into the pre-branded badge and you're ready to go!

It's that quick...it's that easy for high quality badges.

### It's as easy as 1,2,3...

1

Import your data into the software

2

Print out and slide name in

3

...and ready to wear!

With Selfit® it couldn't be simpler to convey a professional, modern corporate image.

## Software and Printers

### Selfit<sup>®</sup> Software - Exclusively designed for Windows supplied on CD or downloadable from our web site.

Selfit<sup>®</sup> software is the ultimate in user-friendly badging software and it's unique to B.I.G! Packed with heaps of useful features, Selfit<sup>®</sup> software makes it incredibly simple and fast to create personalised inserts for your Selfit<sup>®</sup> or Clearspec badges:

- Simply type in the names required or import them from an existing database
- Choose from any of the fonts installed on your PC and borders and margins will be automatically calculated
- Import any logo, image or flag that you want and manually position objects, logos and text with the Professional version
- Compress any long names using the auto-condense feature
- Add, delete or edit using the search feature
- Sort inserts by name, title, department or company
- Economical print test preview using plain paper
- Print a handy check-list of all names

### Selfit<sup>®</sup> Printers - flexible, lightweight and portable!

With a Selfit<sup>®</sup> printer and nametapes from B.I.G you can produce last minute, one-off badges away from your desk, at a conference, or wherever you need them - in seconds!

Portable and all with a built-in power source, these printers make sure you can deliver wherever or whatever the situation. So if you need last minute badges you can relax! Simply key in the name, print out and insert into the badge.

### B.I.G. Badge Box

Also available - convenient B.I.G. Badge Boxes - to help keep all your badges in good order.

### Selfit Name Tapes

If you need to colour code different badges we offer a range of coloured tapes to use with Selfit<sup>®</sup> printers.
