COllaborate GROWING BUSINESS TOGETHER

Leicester City Council

## What do we mean by ethical and social compliance?

Ensuring that your business's practices conform to applicable laws, regulations and international labour and human rights standards

## What's the business case for ethical and social compliance?

- Good HR and CSR practice
- Good risk assessment/control
- Opportunity to engage with employee reps and business partners
- Proactive commitment valued by your workforce

**BUSINESS CASE** 

### What's the business case for ethical and social compliance?

- Client, investor expectations
  - Major fashion retailers want to increase UK sourcing but have had to do the opposite because of the risk of non-compliance in their supply chain
- Legal repercussions (civil fines and prosecutions)

**BUSINESS CASE** 

### Relevant UK law

**Immigration** 

National Minimum Wage

Employment Contracts

Holiday

Statutory employment benefits

Working Time

Agency Workers

Equality and discrimination

Tax

Modern Slavery Act

### International labour standards

The only tripartite U.N. agency, the ILO brings together governments, employers and workers of 187 member States (including the UK), to set labour standards, develop policies and devise programmes promoting decent work for all women and men.

### International labour standards

Numerous ILO Conventions cover international labour standards including:

- Freedom of association and collective bargaining
- Forced labour
- Child labour
- Equality of opportunity and treatment Employment policy and security
- Wages
- Working time

- Occupational safety and health Social security and maternity protection Domestic, migrant workers and other categories of workers

### Ethical labour standards codes

Ethical trading organisations have developed ethical labor standards codes, aligned to ILO Conventions:

- ETI Base Code
- GSCP Reference Code
- -SA8000
- Brand/Retailer codes of conduct

### Legal vs. ethical requirements

#### GSCP:

- In all instances, the international labour standard, national and/or local legislation or GSCP reference code requirement which **affords the highest level of protection** shall apply.
- The provisions of this reference code constitute minimum and not maximum standards

ETI and other codes have equivalent statements

### **Ethical auditing programmes**

### **SMETA**

- Aligned to the ETI Base Code + management systems, entitlement to work, sub-contracting and homeworking
- 2-pillar vs 4-pillar
- Non-compliances, observations and good examples
- Any auditor can deliver, any Brand can request

### **Fast Forward**

DEBENHAMS

NEW LOOK

- Audits are commissioned by the FF Brands only and delivered only by FF trained auditors
- Compliance standards aligned to laws and ETI/GSCP codes
- Pre-audit training, audit and improvement process
- Management systems approach onus on site to prove compliance, not on the auditor to prove non-compliance
- Audit outcomes stranded into 'Under Review', 'Developing', 'Performing', 'Leading'

EST. 1884

### **UK** enforcement

- Immigration Act 2016 introduced legislation to improve the effectiveness of the enforcement of certain employment rights to prevent non-compliance and the exploitation of vulnerable workers:
  - New Director of Labour Market Enforcement
  - Extension of Gangmasters and Labour Abuse Authority's remit to deal with labour exploitation across the economy
- Means more intelligence sharing and increasing number of raids

### Public-private collaboration

- Apparel and General Merchandise Public / Private Protocol -November 2017
  - We will work together to eradicate slavery and exploitation in the Apparel and General Merchandise supply chain in the UK by:
    - Raising awareness to prevent the exploitation of workers
    - Protecting vulnerable and exploited workers
    - Disrupting exploitative practices and bringing criminals to justice

# Discussion and questions

### Management systems

Embedding ethical and social compliance in your business

### Importance of management systems

- Retailers expect to see that legal and ethical compliance is embedded in your business
- That means you (and your managers/supervisors/workers) understand the standards and there are systems to ensure these are met in your business
- External advice and consultancy is good if robust and helps to improve ongoing management within the business

### What is a management system?

**Detailed steps** 

**Processes** 

**Procedures** 

### Labour standards management system

#### **PLAN**

#### What are we going to do?

-Idenitfy needs and opportunities;

-Set your expectations;

-Define your basic plan to meet your needs and opportunities; and -Determine financial and personnel requirements, and the

schedule.

#### **ACT**

Do we need any changes,

where do we go from here?

- Determine what, if anything, needs to be changed; Identify specific adjustments; and
- Determine if we stay with our current plan, or if we want to take on anything else.

#### DO

#### Let's do what we said!

- Identify who is responsible and affected;
- Develop procedures and tools to fulfill objectives and meet the plan;
- Develop and provide training relevant to the plan and the people involved; and
- Follow the procedures, processes, and tools.

#### CHECK

#### Have we met our expectations?

- Assess our performance;
- Determine if we met objectives and targets;
- Did things work as planned and expected;
- Identify any "root causes"; and
- Determine corrective actions.

### Plan

- Policy
- Risk analysis
- Legal requirements
- Targets and Objectives
- Operational management

### Do

- Training
- Communication
- Operational control
- Supply chain management
- Emergency response

### Check

- Document control
- Corrective Actions
- Monitoring and measurement

### Act

- Management review
- Continual improvement

### Management systems exercise

#### Discuss in groups:

- What elements of a management system do you already have in place?
- Where do you think you need to make improvements?
- What do you think represents strong evidence vs weak evidence in an audit?
- How can management systems help you to demonstrate compliance?

### **Employment and health** & safety

Legal and international labour standards requirements

### 1. Eligibility to work

## The Immigration, Asylum and Nationality Act 2006

- Employers may be liable for a civil penalty of up to £20,000 per illegal worker employed unless they have met the requirements to demonstrate a statutory excuse. (Section 15)
- There is a criminal offence of knowingly employing an illegal migrant worker (Section 21) with the potential of an unlimited fine and/or prison sentence.

### **The Immigration Act 2016**

- Section 34 creates a new criminal offence of illegal working, punishable by imprisonment for up to six months and/or an unlimited fine. It will enable wages paid to illegal workers to be seized under the Proceeds of Crime Act 2002.
- Section 35 extends the existing criminal offence of knowingly employing an illegal worker to the situation where an employer has "reasonable cause to believe" that an individual is an illegal worker. Maximum sentence for this offence will increase from two to five years' imprisonment.

### Establishing the statutory excuse

- You will only have the excuse if you conduct a 3 step process to check and copy specified original documents before the person starts working for you.
- You will not have an excuse if you knowingly employ an illegal migrant worker, regardless of any document checks you undertake.
- **OBTAIN**
- 2. CHECK

## 2. National Minimum Wage

#### 2,500 Leicester textile workers paid half the minimum wage

By I\_Griffin | Posted: February 18, 2015

#### Comments (11)

More than 2,500 Leicester textile workers are paid just £3 per hour – well below the minimum wage - it has been claimed.

A new study has found the majority of the people employed in the city's garment sector earn less than half the legal hourly rate, which is £6.50 for those aged 21 or over.

These employees receive cash-in-hand and do not have employment contracts, meaning they can easily be exploited, according to research led by the University of Leicester.

The report said the majority of the employees were women, who suffered bullying, verbal abuse and threats in the workplace.
