§ 11B-113.1. Preventing Unfair Treatment⁴

(a) It is the intent of the General Assembly to prevent unfair treatment of property owners by a homeowners association when annual charges based on the assessed value of property imposed by the homeowners association increase at such a rate that it creates an unexpected windfall for the homeowners association.

(c) This section only applies to a development that:

(1) The increase shall be considered an unexpected windfall to the homeowners association that should be offset, and

(2) Beginning with the first year following the revaluation of the property for the state property tax purposes, the homeowners association shall provide to the owner of the revalued property a rebate or credit in an amount equal to the portion of the annual charge that is attributable to the growth in the value of the revalued property in excess of 10%.

(f) Subsections (d) and (e) of this section do not apply if a governing body certifies on or before April 1 in the first year following the revaluation of property values for state property tax purposes that the revenues from the annual charges are insufficient to meet the debt service requirements during the next taxable year on all bonds that the governing body anticipates will be outstanding during that year.

(g) Notwithstanding any provision of the law to the contrary, when calculating an annual charge, a homeowners association may not consider the rate of assessed value of property to have increased by more than 10% in a taxable year.
