Vector® H Series Multi-Cook Oven

VENTLESS COOKING

**MAXIMIZE PRODUCTION.
REDUCE COSTS.**

Kitchen spaces are shrinking, and in some operations, nonexistent. As costs continue to rise, operators now have to do more with less, working to save money on building costs, monthly rent, labor and overhead.

With up to four ovens in one, ventless countertop models are ideal where space is at a premium and operators require quality, high-volume food production in a small space.

We'll be showcasing the features of the new Vector® Multi-Cook Oven at the demo times below.

Here are a few other Alto-Shaam products that we'll be showcasing:

- Cook & Hold Smoker
- Carving Station
- Combi CTX
