

WHAT CAN FeRFA OFFER YOU?

FeRFA is the only UK organisation dedicated to resin flooring, surface preparation and screeding. It has been promoting the benefits of resin flooring and representing companies involved in this industry for over 50 years and now extends its support to the specialist surface preparation, screeding and resin bound sectors. Its website is the first port of call as a comprehensive source for information on the subject.

Full details of all the membership benefits available are on the individual information sheets but these include:

KEEPING YOU INFORMED

through regular enews, bulletins and circulars and via the members area of the website
