COMPLETE RANGE OF SCRUB QUALITIES...

Our balanced range of natural particulates, grades and forms offers a multitude of functions and possibilities to the formulator - from the light abrasive effect of ground Loofah to the more aggressive scrub qualities of Pumice Sand or Sweet Almond Shell Granules.

...IN A SPECTRUM OF COLOURS

In addition to the many and varied exfoliating properties, our wide range includes a spectrum of colours, from rich natural tones to the pure white of our Jojoba Wax Beads and natural earth elements such as Alumina.
