# Letter from the Editor

*Hello!*

*The summer holidays are upon us. It is a bit of an emotional week for me: we moved into the village two weeks before our little girl started big school, and on Thursday she will be leaving Honeybourne Primary Academy and starting at Secondary School. Our lives in the village so far have been defined by attendance at the school. It will be very strange to see them all go! I would like to wish every one who is going on to a new school, anyone who is just about to start school, and even anyone who is about to embark on a new job or adventure, the very best of luck.*

*Thank you to the people who have written to me this month. I will try to take on board all suggestions, but I cannot reply if you don't give me a name or address! In response to the criticism of 'Americanisms' entering our language, I would like to say that people who put messages or announcements into the Honeybourne Village News are welcome to use any style of phrasing they choose. I tend only to edit these to make them fit in the available space!*

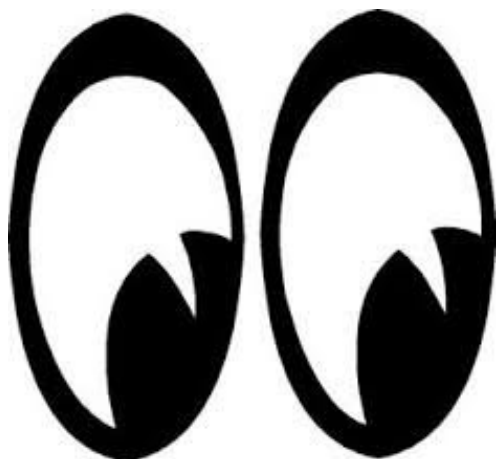

This month's cover is the Honeybourne Cubs visiting Oxford: more details are on page 9.

*Deliveries of the Village News might be a little erratic over the summer months as the holidays take people away from their usual rounds, so please be patient.*

*Download a digital copy of the magazine at [www.honeybourne.org.uk](http://www.honeybourne.org.uk)*

*Claire Poore, Editor,  
magazine@honeybourne.org.uk - 01386 832800 - 47, School Street  
[www.honeybourne.org.uk](http://www.honeybourne.org.uk)*

*The last date for articles for the September magazine is 18th August.*

Keep an eye out for the noticeboards outside the village hall. So many activities are taking place now - don't miss out!

# HONEYBOURNE PARISH COUNCIL

## **High Street Telephone Kiosk:**

**You asked the council to buy the Kiosk.**

**Now please tell us what you would like the council to use it for?**

The kiosk was secured by the Parish Council as many parishioners supported its retention as part of the street scene and for public use. The Parish Council would welcome suggestions for its future use as many options are available, the popular option is a Defibrillator station but the village has two publicly available Defibrillators already. The structure of the kiosk is sound but if anyone wished to give it a spring clean they are most welcome to do so.

### **Criticism of the Council**

Considerable criticism was received over the state of the Recreation Field and the lack of facilities when the school sports day event took place. Several condemnations of the council were posted on social media and received by email regarding the Recreation Field not being prepared for the school sports day. The criticisms were totally unjustified as the council were not informed of the date of the sports day event, the number of attendees or the expected field maintenance or the supply of toilet facilities to be put in place. It was felt that any future event arrangements will be extensively scrutinised to ensure the organisers have a full risk assessment issued to the Parish Council, adequate welfare facilities in place and public liability insurance is fully covered. Without all of these the use of the field may be denied. It was also noted that all the criticisms came from locals on social media but no complaints or comments were received directly from the school, therefore the council presume the school were happy with the Recreation Field.

### **Vandalism**

The tennis court net at the Recreation Field has been vandalised putting it out of use until new parts can be obtained

The safety signs of the MUGA fencing have been removed from the fencing and will be replaced shortly. The local PCSO will be requested to carry out extra patrols in the evening and at dusk. The council will consider installing CCTV on the Recreation Field when the new pavilion is completed.

### **New Pavilion Contract Signed**

The council has agreed and signed the contract for the construction of the new pavilion on the Recreation Field. The contractor intends to start work in Mid-August and complete the construction by December this year. Most of the project funding will be from the section 106 fund created from the village developments and supported from the council's revenue reserves.

### **Black Smoke**

Reports of black smoke fires at Peace Farm, Shinehill Lane were reported to Worcestershire Regulatory Services who are taking action over the matter. Council also received reports of a large black smoke fire on the development site at 12 Stratford Road.

### **Mowing delays**

In June complaints were received regarding the cemetery mowing. The mowing contract manager confirmed the mowing times were some 10 days overdue because of unforeseen circumstances. As a gratuity for the delay, all the cut grass in the cemetery was collected from the grave area and

removed from the cemetery.

*The Parish Council meets on the 2nd Tuesday of each month. Members of the public are welcome to attend meetings, which are held in the Village Hall and commence at 7.15 pm. Residents are welcome to speak on any issue of local concern during the Open Forum before the start of the meeting.*

*Clerk John Stedman*

*1, Ban Brook Road, Salford Priors, Evesham, Worcs, WR11 8XE Tel 01789 773999:*

*E-mail: j-stedman@btconnect.com*

*The Parish Office is open generally all day 10.00 am to 6.00 pm including weekends for all parish enquiries. Email is my preferred communication but my telephone is manned almost all day. The answer phone is on, but please ensure you state your business is with Honeybourne as my phone serves other Councils and my own business.*

*For up to Date Council information Visit [www.worcestershire.gov.uk/MyParish](http://www.worcestershire.gov.uk/MyParish) and then link to Honeybourne*

### **Albert Adams and the others named on the Honeybourne War Memorial**

"We will remember them." says Ally Edwards of High Street, Honeybourne. "That's what I was privileged to read in December 2012 as the Exhortation during the Last Post ceremony at the Menin Gate Memorial."

"After the ceremony my son and I paid our respects at the inscriptions on the Gate of a couple of special names among the thousands. They were men from Honeybourne."

The Gate was constructed on the road to Menin as a memorial to over 50,000 British and Empire soldiers who were killed but have no known grave. It stands in Ieper (Ypres), also known as 'Wipers' to the soldiers who defended the small Belgian town from the Germans throughout the First World War. They were defending the small Belgian town from the Germans throughout the First World War. There were many battles around the town, the last (The Third Battle of Ypres) has another name, Passchendaele. Ally: "At Passchendaele Sergeant Albert Adams lost his life. Killed in action aged 33 on 22nd November 1917. According to the records I found in 2008, he was the Company Sergeant Major of the 1st Battalion Worcestershire Regiment, a hugely prestigious and important position. His Service No 6473." He was born in Binton, Warwickshire, and enlisted in Evesham. Albert is additionally remembered on the war memorials in the village hall and St Andrew's Church, Cleeve Prior.

Gertrude Annie Adams was his wife and she lived at 3 Council Cottages, Honeybourne, Worcestershire. "Where were the Council Cottages in 1917?" asks Ally. "And now online there is so much more information than in 2008, it would be great to find out more." Do you know anything about Albert?

Ally asks, could we find out more about ALL the men named on the Honeybourne War Memorial? Maybe you have family stories, photos, and letters? Perhaps you have already done this research before?

If you want to help provide a lasting memory of the stories of the men and women from the village please contact the editors, who will put you in touch with Ally.

Some of our dishes contain nuts and traces of nuts. If you suffer from any food allergies  
please inform a member of staff when ordering your meal.

The Crisis logo is a red square with the word "Crisis" written in white, bold, lowercase letters. Two red corner brackets are positioned above the logo.

# Crisis

**Together**  
we will end  
homelessness

Our cover picture is the 1st Honeybourne Cubs handing over a cheque for £45 to the Crisis Charity in order to help the homeless.

The Cubs raised the money themselves by collecting copper coins at their weekly meetings. On 24th June the Cubs went on a lovely trip to Oxford via train from Honeybourne and after visiting The Natural History Museum, they had lunch at the Cafe from Crisis where they proudly handed over their donation. The staff at the Cafe were over the moon with our local Cubs. Well done Cubs.

Crisis is the national charity for homeless people. They are committed to ending homelessness. Every year they work side by side with thousands of homeless people, to help them rebuild their lives and leave homelessness behind for good.

## BRETFORTON GARDEN CLUB

What a wonderful time the club is enjoying! Successful and enjoyable open gardens. ----  
Again very many thanks to all those who worked so hard to open their gardens on behalf of the village which has enabled us to give generous donations . We are excited about all the trips arranged for us over the summer. Hopefully we are all busy propagating plants and collecting seeds in anticipation of the new sharing and swapping programme starting soon.

Our speaker this month was Steve Quinton who spoke on Painswick Rococo Gardens. He gave us a brief history of the gardens leading up to the restoration. The Hyatt family built the house and lived there for many generations, each one adapting and adding to the gardens. They entertained their friends lavishly but also welcomed the surrounding villagers and established an annual show which ran for many years in the grounds.

The house and gardens fell into disrepair during the second world war and it was only in 1980 when serious restoration began which is still ongoing. Painswick is not a flower garden, it is a verdant haven of peace and tranquility boasting hundreds of trees and the best snowdrop display in the whole of England.

Well worth a visit!

Phone Barbara Jenman 01789 720514 or visit the website [www.bretfortongardenclub.co.uk](http://www.bretfortongardenclub.co.uk)

## HONEYBEES W.I.

**On Monday 19th June we held our Open Meeting. It was lovely to meet so many guests from neighbouring W.I groups, Wickhamford, Pebworth, Childswickham and The Littletons.**

**Our speaker for the evening was Manuel Queiroz who gave a very inspirational talk of how he flew around the world in his homebuilt aircraft, a single engined RV-6. He was diagnosed with cancer of the colon and underwent an operation before his departure. He started his amazing journey in February 2006 and returned back home on 8th April, the sun was shining.**

**The talk was titled " Chasing The Morning Sun' his talk gave the listeners inspiration to realise any lifelong ambitions they may have have.**

**Date of next meeting July 17th please visit our website for more information. All visitors will be made to feel very welcomed.**

### Polite Notice

The village hall committee would like to remind the public that over night parking at the village hall is only for permit holders, and people attending parties at the hall.

Permits can be obtained by applying to the hall.

This type of parking is causing real problems for people attending classes having to come out of a class and move cars/ Due to the volume of the complaints, starting in August it is with regret that the hall will be operating a clamping scheme for those who choose to park without permits.

# Letter from the Vicar

Dear Friends

Be encouraged!

In his first letter to the Christian Church in Thessalonica, St Paul wrote,

“Therefore encourage one another and build up each other, as indeed you are doing.”

I've been reminded of those words as I've reflected on my first few weeks as your vicar. We live in a world where the focus is always on what we're not doing! It's not wrong to be challenged, of course, and it's always fatal to rest on our laurels. But equally, it's not wrong to celebrate what we have achieved and are achieving.

I am delighted and greatly encouraged to see so much life in our villages and in our churches. There is so much going on around us – from successful and flourishing schools; to thriving businesses; to village fetes; to a Party in the Park; to 'Honeyangels', our parents'/grandparents' and toddlers' group; to committed and faithful Christians, as well as people of other faiths, living and actively engaged in the life of our churches and communities. It is through our engagement with one another and the wider community that we fulfil St Paul's call to 'build each other up'.

You have been, and you are, a great encouragement to me and my hope and prayer is that I will be able to be the same to you in the years ahead. I've said it before and I'll keep on saying it: The Church is here for you, whatever you believe, struggle to believe or don't believe. So, be encouraged and go on encouraging others, building up one another and our communities – and thank you for all that you do to make a difference for good in our villages. I feel privileged and proud to be a part of them.

With love in Christ,

Scott

Rev Scott Watts

## Honeybourne Wednesday Club

The monthly meeting of the Honeybourne Wednesday club was held on 5th July 2017 when 29 members attended.

Birthday cards were given to Mrs Ellis Simpson, Mrs Ryan and Mrs Hall after which the minutes of the previous meeting were read.

Announcements were then made by Win who commented about cancellation made at the recent meal out.

Anne then asked if everyone had enjoyed the meal which was free plus the coach for club members but guests paid for the meal and venue at The Wheelbarrow and Castle. Food and venue were good.

The next trip will be to Waterperry Gardens on 12th July costing £15.00. Pick up times 9.00am in Honeybourne.

The half day trip to Cirencester will be on Wednesday 26th July, with the coach picking up at Honeybourne 11.45 am, and leaving Cirencester at 3.30pm.

If you haven't booked and you are interested in these trips or any others that the Wednesday club promote a phone call to Anne Ingles on 831681 would give you any information needed.

A very interesting talk was then given by Rosemary Prosser called Hot Wheels ..Cold Meals. Vote of thanks was given by Peggy Miller

Tea, cakes and the raffle concluded a interesting afternoon

The August meeting is on Wednesday 2nd August, and the Vale Wildlife Hospital and Rehabilitation Centre will give a slide show and talk about the work they do at Beckford.

## **A 3-Mile Walk for a View of Honeybourne from the Airfield**

**Pets should be kept on leads at all times.**

**Sturdy shoes or boots are recommended.**

Start at The Gate Inn, cross the Weston Road (TAKE GREAT CARE) and walk up High Street to the Thatched Tavern. Turn left alongside the Thatched Tavern into China Corner and walk straight on until you pass through the narrow gap opposite, between the houses. This leads up to the Fair Acres estate.

Turn right and follow the edge of the field (headland) until you come to a bridge. Cross over the bridge into the next field and walk straight-ahead along the headland until you come to a stile. Cross over this stile and you are now in The Leys.

Walk straight-ahead to reach the hedgerow on the other side of the playing field. Turn left and follow the path down the hill to the bridge. You are now entering the old Honeybourne airfield (RAF Honeybourne).

Walk straight-ahead across the field towards the large buildings (old aircraft hangers) looking for the waymarker post at the gap in the mound on the opposite side of the field. Continue straight-ahead across the old runway, and straight-ahead again to the waymarker post located on a track leading to the skid-pan on your left. Follow the directions on the waymarker post towards the next post that can be seen to the right of the perimeter hedge surrounding the old hangers. You are now passing the site of Honeybourne Grounds Farmhouse that was demolished in 1940 to make way for the airfield.

Continue across the fields in the direction of the two large conifer trees and electricity poles on the horizon, passing over the old runway (with the agricultural silos to your right) until you reach a stile that leads onto the Bretforton/Weston-sub-Edge road. DO NOT cross the stile. This point marks the boundary of Honeybourne Parish.

Turn around to face the direction you have just come from to view Honeybourne in the distance. Now enjoy the open aspect as you retrace your steps back to the village.

We hope you have enjoyed your walk today, and that we have whetted your appetite for a variety of future walks in and around the Parish of Honeybourne. We hope you have enjoyed your walk today, and that we have whetted your appetite for a variety of future walks in and around the Parish of Honeybourne.

Email [steve@stephenbullen.com](mailto:steve@stephenbullen.com) for copies of any walks, to express concerns, or seek advice on how to best enjoy Honeybourne's Rights of Way.

**Quiz Night – Saturday 16<sup>th</sup> September**

**Teams of four, doors open at 7.00 pm  
Brain switched on by 7.30pm Great Prizes!**

Network Rail are completing upgrade works from Saturday 22 July through to Sunday 30 July 2017. This will help improve performance on the route as it includes changes that will help to speed freight services, reducing their impact on passenger services.

The work will affect Oxfordshire, Banbury, Hereford and Worcestershire services. We have created a dedicated website page [www.gwr.com/oxford2017](http://www.gwr.com/oxford2017) with full details and we will be providing customer and media updates.

Dear Friends

August is here, the school children will have been to church for their leaver's service and broken up for the summer holidays. Half the parish seems to be going away with the other half planning their summer days! We wish everyone a pleasant and hopefully sunny, month of August.

**Broadway United Football club is an FA Charter Standard club and is seeking youth team players with enthusiasm, determination and shin pads!**

We've got 9 sides and 100 Children who are signed up to play but there is space for more and If your child is aged between 6 and 15 then we will have a team for you.

All our lead coaches are volunteers but are all FA qualified and CRC checked and they will help your child develop as a footballer.

Success for us is not just measured by silverware won or goals scored . For those players who may want an additional challenge we have developed player pathways with Cheltenham Town and have had three players start in the Cheltenham development and academy teams this season. We also judge success by the type of players and people we help develop and we think we've done well!

We train at Broadway until the nights draw in, when we then go to Chipping Campden and make use of their brand new all weather pitch and lights. Training is on a Monday night with games being played on Saturdays.

Should you want to find out more please contact the club via any of the methods below:

## Lichens

by Mike Edwards

One of the consequences of the heavy winds a few weeks ago was the large numbers of bits of broken tree twig strewn across roads and pavements. I was particularly struck by the amount of lichen growth on a lot of these broken twigs. Looking around us, there is a huge amount of lichen growth on many of the trees around Honeybourne.

And it's not just trees – different lichens are capable of growing on a wide variety of surfaces. The yellow-orange coloured patches on many tiled roofs are lichen, and other types will even grow on pavements or uPVC window frames. There are even the beginnings of the growth of a green lichen on the black plastic legs of the church noticeboard in Stratford Road, near to the village shop, although this is only a few years old – look at the side facing down Stratford Road towards Buckle Street.

There are many different types of lichen, but all of them are combinations of a fungus (mould) and an alga (a single-celled plant). They are extremely slow-growing. The algae cells live and grow amongst the fungal threads or hyphae, and by photosynthesis in the light, provide the fungus with a source of carbohydrate in the form of simple sugars. Fungi are incapable of photosynthesis, so like animals, have to get their food from somewhere else. In exchange, the fungus provides the alga with physical protection. The relationship is a complex one and not yet fully understood. It is very finely balanced and easily upset, so lichens are extremely sensitive to atmospheric pollution, particularly sulphur dioxide.

Very few are seen in centres of industry or in large towns or cities, but they can sometimes be seen hanging in great tresses from tree branches in ancient woodlands. Therefore we should be very pleased to see them here, as they are an indication that the air in Honeybourne is very clean and unpolluted. I once knew someone who was researching the atmospheric pollution caused by an aluminium smelting works near Inverness: he was able to trace the chemicals released into the atmosphere by the smelting works across a large swathe of north-east Scotland – where the air is generally very clean – by the presence or absence of particular types of lichen.

Honeybourne Junction  
By Richard Parker & John Copsey

Apart from the “Achilles”, the passenger engines were all four-coupled designs, but goods 0-6-0s were also still quite common on passenger duties.

The outbreak of the Great War in August 1914 had little initial impact on regular services, though military specials – passenger and goods – were now rather more in evidence than in peacetime. As the conflict gathered pace. The shortage of men and materials began to have an effect, and by late 1917 the London express had been reduced to two each way, with another two services conveying through coaches (by Northern trains from/to Oxford); two called at Honeybourne. Local trains between Worcester and Oxford had been reduced to three daily. Cheltenham line trains were seven each way, and Stratford eight or nine, some of which continued to work through to Moreton, Evesham or Worcester.

Traffic had largely returned to normal by around 1921, although was not by any means at its interwar peak.

London express passenger traffic had fully recovered from the wartime restrictions, and very largely comprised through trains rather than attached through coaches. Only one each way was formed on other services; the 8.45 a.m. Paddington to Fishguard Harbour slipped a pair of coaches at Didcot for Malvern, which were added to a couple more non-corridor coaches for the fast run onwards, whilst the 4.5 p.m. Wolverhampton portion was attached to the 6.42 p.m. Leamington express at Oxford. By this time, “Saints” took the fast London trains between Worcester and Paddington. Almost entirely composed of corridor stock, with three each way conveying dining and buffet facilities. Two expresses in each direction called at Honeybourne, though connections from the Stratford and Cheltenham lines were not always convenient – the routes via Leamington or Gloucester (and Kingham) were primarily utilised for their through coaches, although the 4.45 p.m. Paddington still slipped at Moreton for Cheltenham, and Honeybourne was served by the coaches on the way.

The authors and publishers (Great Western Railway Journal) have very kindly given their permissions for these extracts to be republished in Honeybourne Village News

## **Saturday 9<sup>th</sup> September - Table Top Sale**

**Always a popular event! Grab a bargain or sell your stuff
