How quick is the decision?

In most cases a decision will be made immediately. On some occasions we may need to refer to our credit lender who will review your credit application and may ask you additional questions. A decision will normally take around 10 minutes. Applications made later in the day that are sent through for referral may not be resolved until the following day.

What happens if I want to pay off my agreement early?

The finance product can be paid off early with no additional settlement cost.

Are there any additional costs that may be incurred?

Yes – if you make a payment late or miss a payment then you will be subject to additional charges as a result.
