

OUR CURRICULUM

Paull Primary School has adopted Chris Quigley Essentials as its curriculum planning and assessment tool. This draws together the curriculum, allows flexibility and spontaneity, provides a cross curricular vehicle for teaching and learning, encourages independent learning skills and more collaborative learning.

Chris Quigley Essentials splits the National Curriculum into different curriculum areas:- Writing, Reading, Communication, Mathematics, Science, Art and Design, Computing, Design Technology, Geography, History, Languages, Music, Personal Development, Physical Education and Religious Education.
