# OLIO DESK &STORAGE
SPECIFICATION GUIDE

Tea to talk

olio

Let your imagination go wild with Olio desk and storage range. Available with 3 tiers of storage, single, side-to-side and back-to-back desks.

Specifying Olio

Olio is a fully integrated desking and storage system, combining desks and various storage options into one product. Olio features shared components, multiple configurations and an innovative cable management system.

For guidance on specifying Olio see the examples on page 6-13
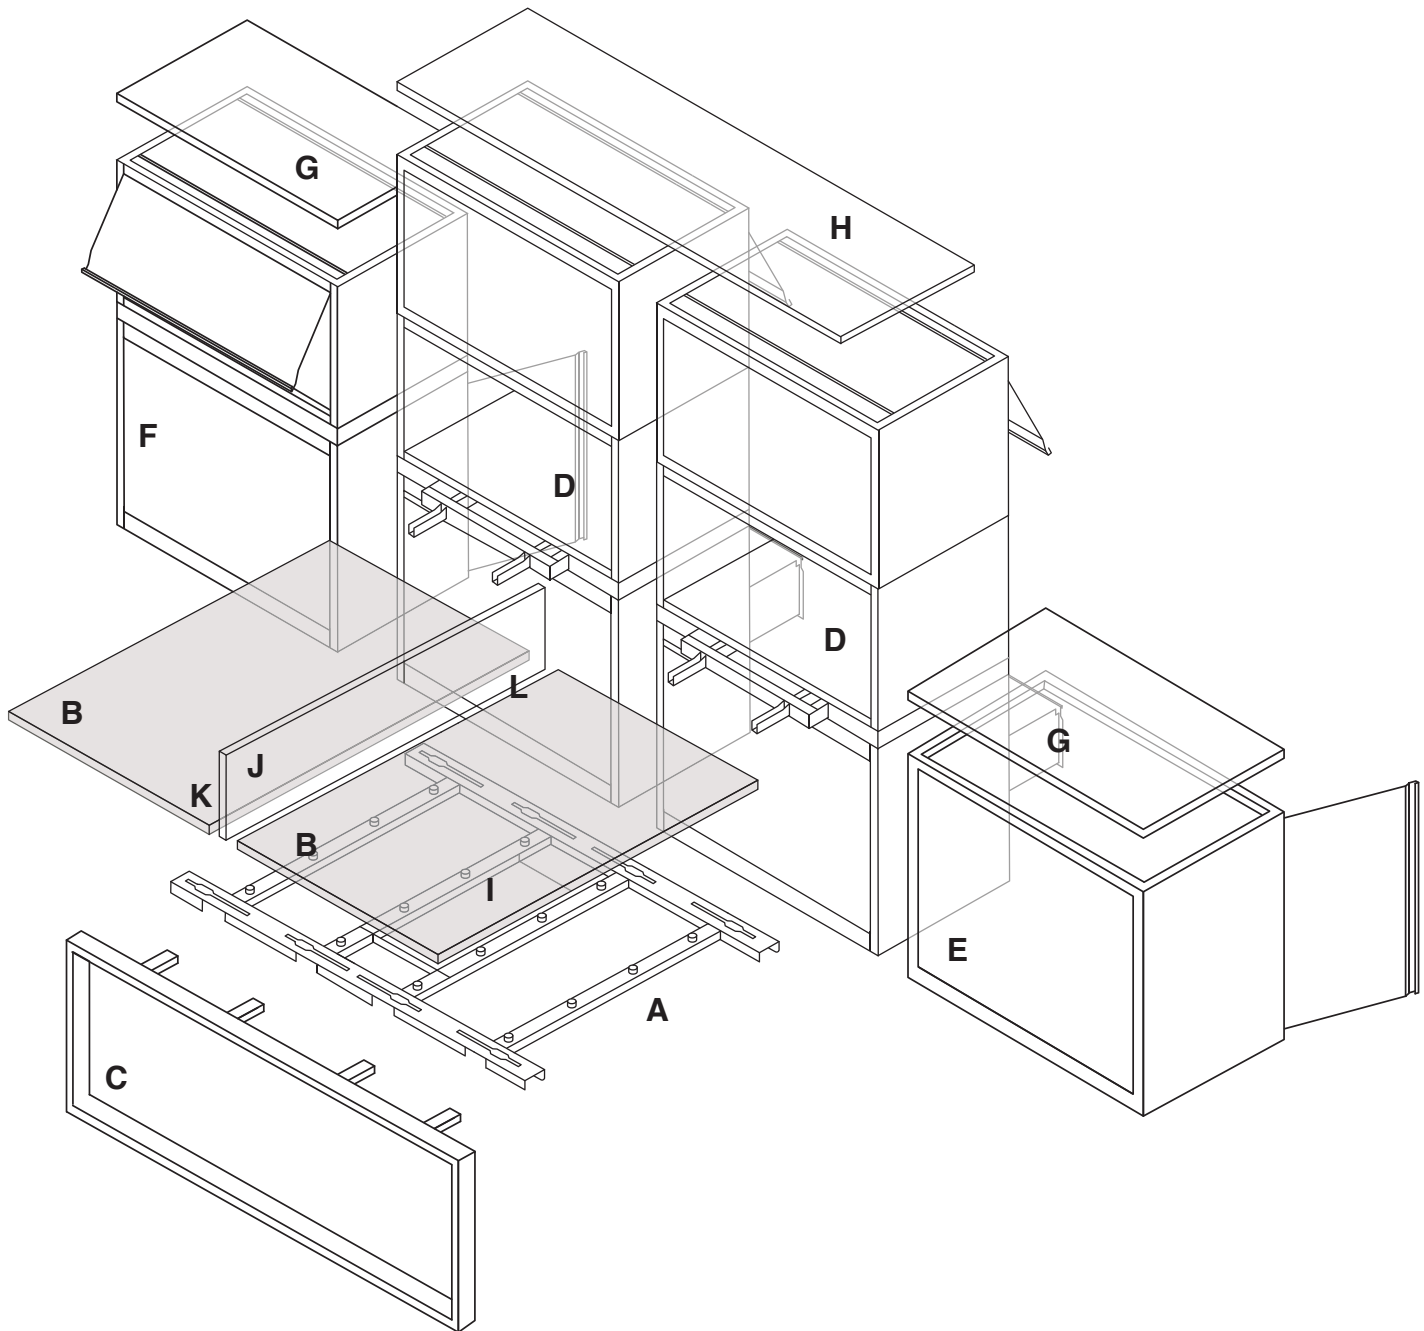

A. 1x 1600mm sliding desk frame.
B. 2x 775mm x 1600mm desk top.
C. 1x Universal rectangular loop leg.
D. 2x Desk connecting level 3 storage with pass through outwards facing flipper and drawers.
E. 1x Freestanding level 1 hinged door unit.
F. 1x Freestanding level 2 hinged door unit with desk facing flipper.

G. 2x MFC 800mm single unit storage tops.
H. 1x MFC 1600mm flyover storage tops.
I. 1x back-to-back cable tray.
J. 1x 1600mm desk mounted screen.
K. 2x Screen end strips.
L. 1x Screen post set.

Olio is built up from many parts, the following parts are required for the illustrated configuration.
For help with specifying Olio please contact Flexiform on 01274 706206.

☐ Counterbalance weight			

Olio QuickGuide

SELECT DESK TOP

Rectangular or a scoop top. The choice of top will change depending upon choice of underframe.
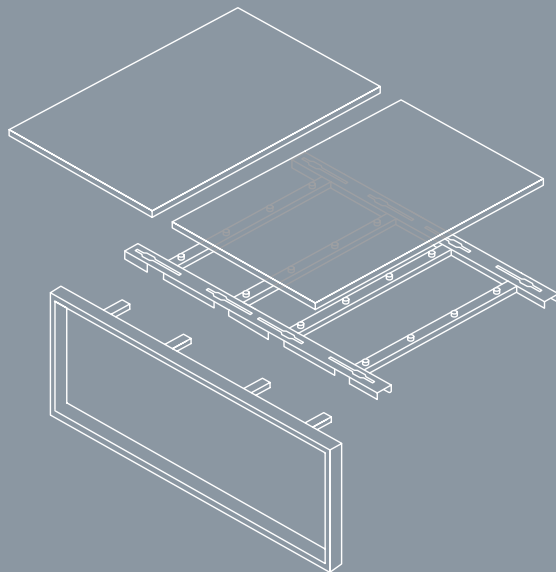

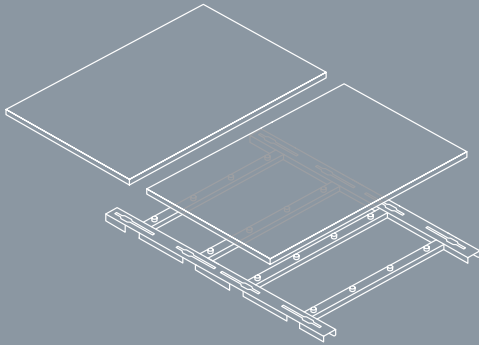

SELECT DESK FRAME(S)

The type of underframe will vary depending on the inclusion of desk mounted screens.

- If a screen is required on a single sided desk select a frame with PUNI rail. See page 19.
- Choose appropriate cable tower to link desks. See page 19.
- Choice of desks: Single desk, side-to-side desk or back to-back desk See page 18 and 19.

DECISIONS TIME

- Storage. The desk is supported on storage units only.
- Storage and legs. The desk is supported by storage and legs.
- Storage can be included on either one side or both sides of the desk.

PLANNING CABLE MANAGEMENT

Choose a cable feed option: wall, cable tower, or up through the storage unit.
- Cables can be clamped and segregated via plastic holders inside cabinet.
- Cabinets are supplied with vertical cable tidy within lower part of carcass.
- Cable entry/exit is suitable for Wieland connectors only.
- Desk cable trays are at same height as cabinet cable tray allowing for easy cable routing.

STORAGE

Storage is available in 3 levels with various storage options – flipper, open, drawer, hinged door or tambour. One connecting unit is required per end of single or side-to-side desks. Two connecting units are required per end of a back-to-back desk configuration. (A) Freestanding units are available to extend the storage (B).
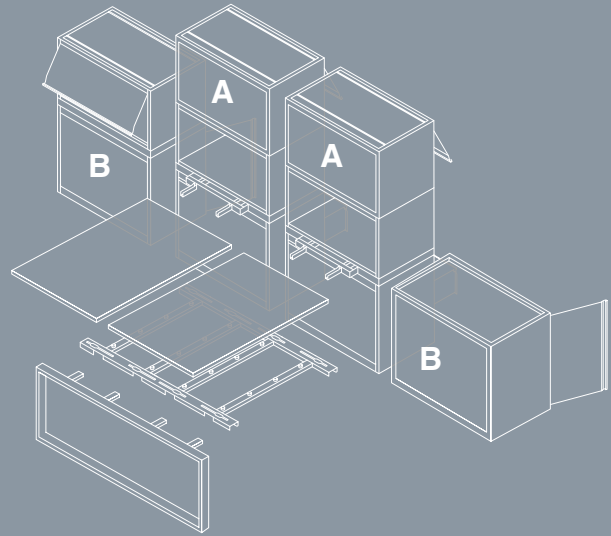

STORAGE & LEGS

If storage is desired on only one side, legs must be specified on the opposite side (as shown on diagram).
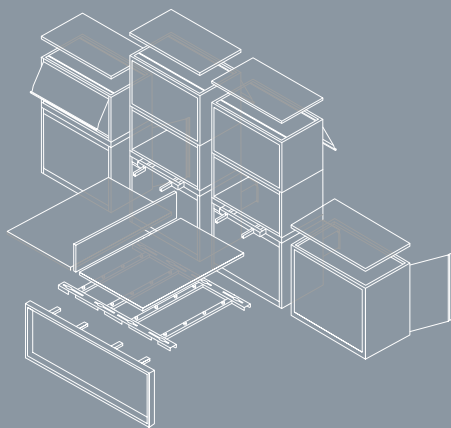

SCREENS, TOPS & CABLE TRAYS

Storage is not supplied with MFC tops. Tops must be specified separately. Flyover MFC tops are available to cover multiple units.

OLIO DESK TOPS

Pictured Right: Back-to-back worktops in oak MFC.
OTOP14X800SCOOPMOK (X2)

HOW TO SPECIFY OLIO DESK TOP

O	T	O	P													*	*	*

MFC TOP CODE   MFC FINISH
(For example: 'OTOP14X800SCOOP')   (For example: 'WHM')

Desktops are specified individually per workstation and change depending on whether a screen is to be used. For a 2 man desk with no screen, order 2 rectangular tops with a scoop edge for access to the cable tray. The code would be OTOP16X800SCOOP*** (x2).

Select a 800mm scoop top when no screen is required.
Select a 775mm deep desk top when a screen is to be fitted (back-to-back desks only).
Select a 800mm top for single or side-to-side.

OLIO DESK FRAMES

Pictured Right: 2 man back-to-back frame
finished in white. OBB1416JWS

HOW TO SPECIFY OLIO DESK FRAME

| O | | | | | | | | | | | |

| * | * | * |

FRAME CODE
(For example: 'OBB1616')

FRAME COLOUR
(For example: 'JWS')

To order the 2 man back-to-back frame (pictured above) the code would be - OBB1616JWS
To join two frames together to create a 4 man bench, a back-to-back cable tower is required - OTWR16JWS
To extend the bench, a further frame and cable tower is required for every 2 man extension. OBB1616JWS and OTWR16JWS

A single desk or side-to-side desk frame will accommodate 1 person. To extend to a 2 man side-to-side desk, a single cable tower and a single desk frame is required for every 1 man extension.

OLIO DESK LEGS

Pictured Right: 1600mm goalpost leg. OGLEG16JWS.

HOW TO SPECIFY OLIO DESK LEGS

| O | | L | E | G | | | | | | * | * | * |

LEG CODE
(For example: 'OGLEG16')

STEEL FINISH
(For example: 'JWS')

Olio has a choice of two leg frames – Goalpost or Rectangular loop.

To add a goalpost leg to the 2 man back-to-back desk previously selected with the intention of adding storage on to the other side (pictured above) the code would be OGLEG16JWS.

Single or side-to-side desks have right handed and left handed legs.
If legs are desired on both sides, see our Pico range.
Olio does not always require legs as it can be supported by storage on both sides.

OLIO STORAGE

Pictured Right: Level 2 unit attaching side filer unit with a pass through. Finished in white carcass, oak MFC and a sky blue frame. OL208S01JWSMOKSBB

HOW TO SPECIFY OLIO STORAGE

O	L			8	S			

CODE
(For example: 'OL208S01')

*	*	*

CARCASS COLOUR
(For example: 'JWS')

*	*	*

MFC FINISH
(For example: 'MOK')

*	*	*

INSERT COLOUR
(For example: 'SBB')
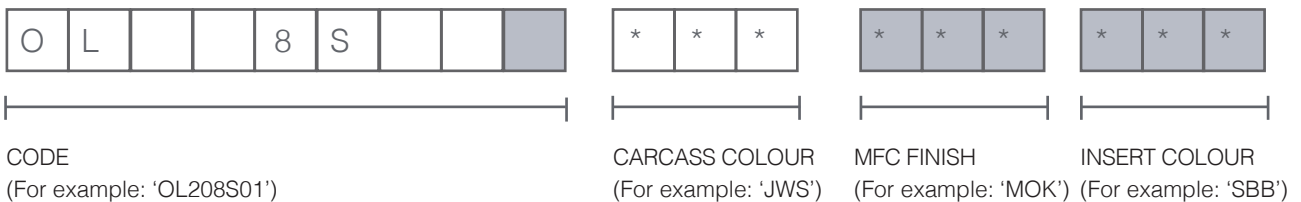

To specify a Level 2 unit with a side filer and a pass through section with a white carcass, white MFC and a sky blue frame (pictured above) the code would be OL208S02JWSMOKSBB.

Olio storage comes in 3 levels and is available to attach to the desk (replacing legs) or as a freestanding unit. For back-to-back desks, 2 desk connecting storage units are needed per end. For single or side-to-side storage a unit is required per end.

Freestanding units have holes drilled in the side for cable management.
The first level of storage and whole units (hinged door or tambour) only requires the carcass colour.
2nd level and 3rd level units all require a carcass colour, MFC finish and a insert colour. Insert colour refers to the steel insert.
The MFC finish should match the chosen desk MFC finish.

OLIO STORAGE TOPS

Pictured Right: 1600mm flyover MFC top with grain front to back.
OTPM475X1600MOK

HOW TO SPECIFY OLIO STORAGE TOPS

| O | T | | | | | | | | | | |

| * | * | * |

MFC STORAGE TOP CODE
(For example: 'OTPM475X1600')

MFC FINISH
(For example: 'MOK')

To add rectangular double flyover MFC top in white to 2x 800mm wide storage unit (pictured above) the code would be OTPM475X1600MOK. When specifying MFC tops for storage the grain direction can be selected to suit desk grain.

MFC tops add 25mm to the heights stated in this document.
Overall desk height and level 1 storage is 740mm.
Steel tops add 15mm to height
Steel tops are not available for level 1 storage units.

MFC Finishes/ Matching Edge		MFC Finishes/ Contrasting Edge
Light Oak	MOK	White/ Oak edge
White	WHM	White/ Multiplex edge
Beech	MOB	
Maple	MOM	
Grey	MOG	
Walnut	MOW	
Romano Cherry	RCM	

OLIO DESKING & STORAGE
MFC STORAGE TOPS

Single Storage Top (Grain Direction Choice).

MFC top for storage unit. Width measurement references grain direction.

Fits all 800mm (or 1000mm) (w) x 475mm (d) x various height units.
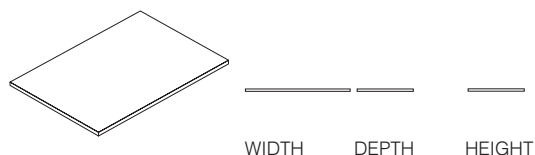

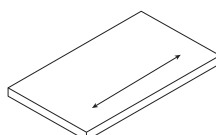

Front-to-Back
	WIDTH	DEPTH	HEIGHT
Grain Front to Back

OLIO
ACCESSORIES

Pictured Right: All white back to
back cable tray. PBBTRAY1400JWS

HOW TO SPECIFY OLIO CABLE TRAYS

P			T	R	A	Y			0	0

*	*	*

CABLE TRAY CODE
(For example: 'PBBTRAY1400')

STEEL COLOUR
(For example: 'JWS')

To add a 1400mm wide cable tray (pictured above) the code would be PBBTRAY1400JWS.

Modesty panels are only required on single and side-to-side desks.
Cable tray codes work on a similar system where the '***' code is replaced by the desired steel colour.
