

## Are you living in a house built before the 1940's?

If so, then you are almost certainly suffering from:

- Mould and damp on the inside of your external walls
- Cold walls and rooms
- Large heating bills

Your house may have been this way for over 100 years, but now there is a simple and affordable solution. That is external wall insulation, which comes with a decorative finish and a 25-year guarantee.

So, if you want to:

- Get rid of the mould and damp for good
- Warm up the inside of your house
- Reduce your heating bills by an average 30%
- Make the outside of your house look beautiful
- Improve the value of your house
- Reduce your carbon footprint

Then contact Pioneer Insulation straightaway for a free quote. A three bedroom semi-detached house would cost around £15,000 for our Premium system. A mid terrace house would cost around £9,000.

## Do you want a refund of up to 50% of the cost from the government?

**East Hampshire District Council is so keen for people in older properties to have this external wall insulation fitted that they will refund up to half of the cost of the work, whatever your income, up to a maximum of £7,000.**

The government has already offered the Green Deal package to private homeowners through approved suppliers twice before and the funding was snapped up within days. East Hampshire DC has now provided its own Green Deal package, which is only available until 31 August 2015 on a first-come first-served basis.

If you want to take advantage of this offer then act quickly and pre-register your interest with Pioneer now, before the money runs out again. As an approved Green Deal installer you can save yourself hundreds of pounds by coming straight to us, rather than going through other advice sites that will just pass you onto us and charge a hefty introduction fee.

*"The house looks great and it feels so much warmer. We used to have black mould in one of the rooms. Now that the insulation has been on for a few weeks the wall has dried and the mould has disappeared completely. Amazing."* (Mrs. Anna B, Thames Ditton).
