# Millwork Capabilities

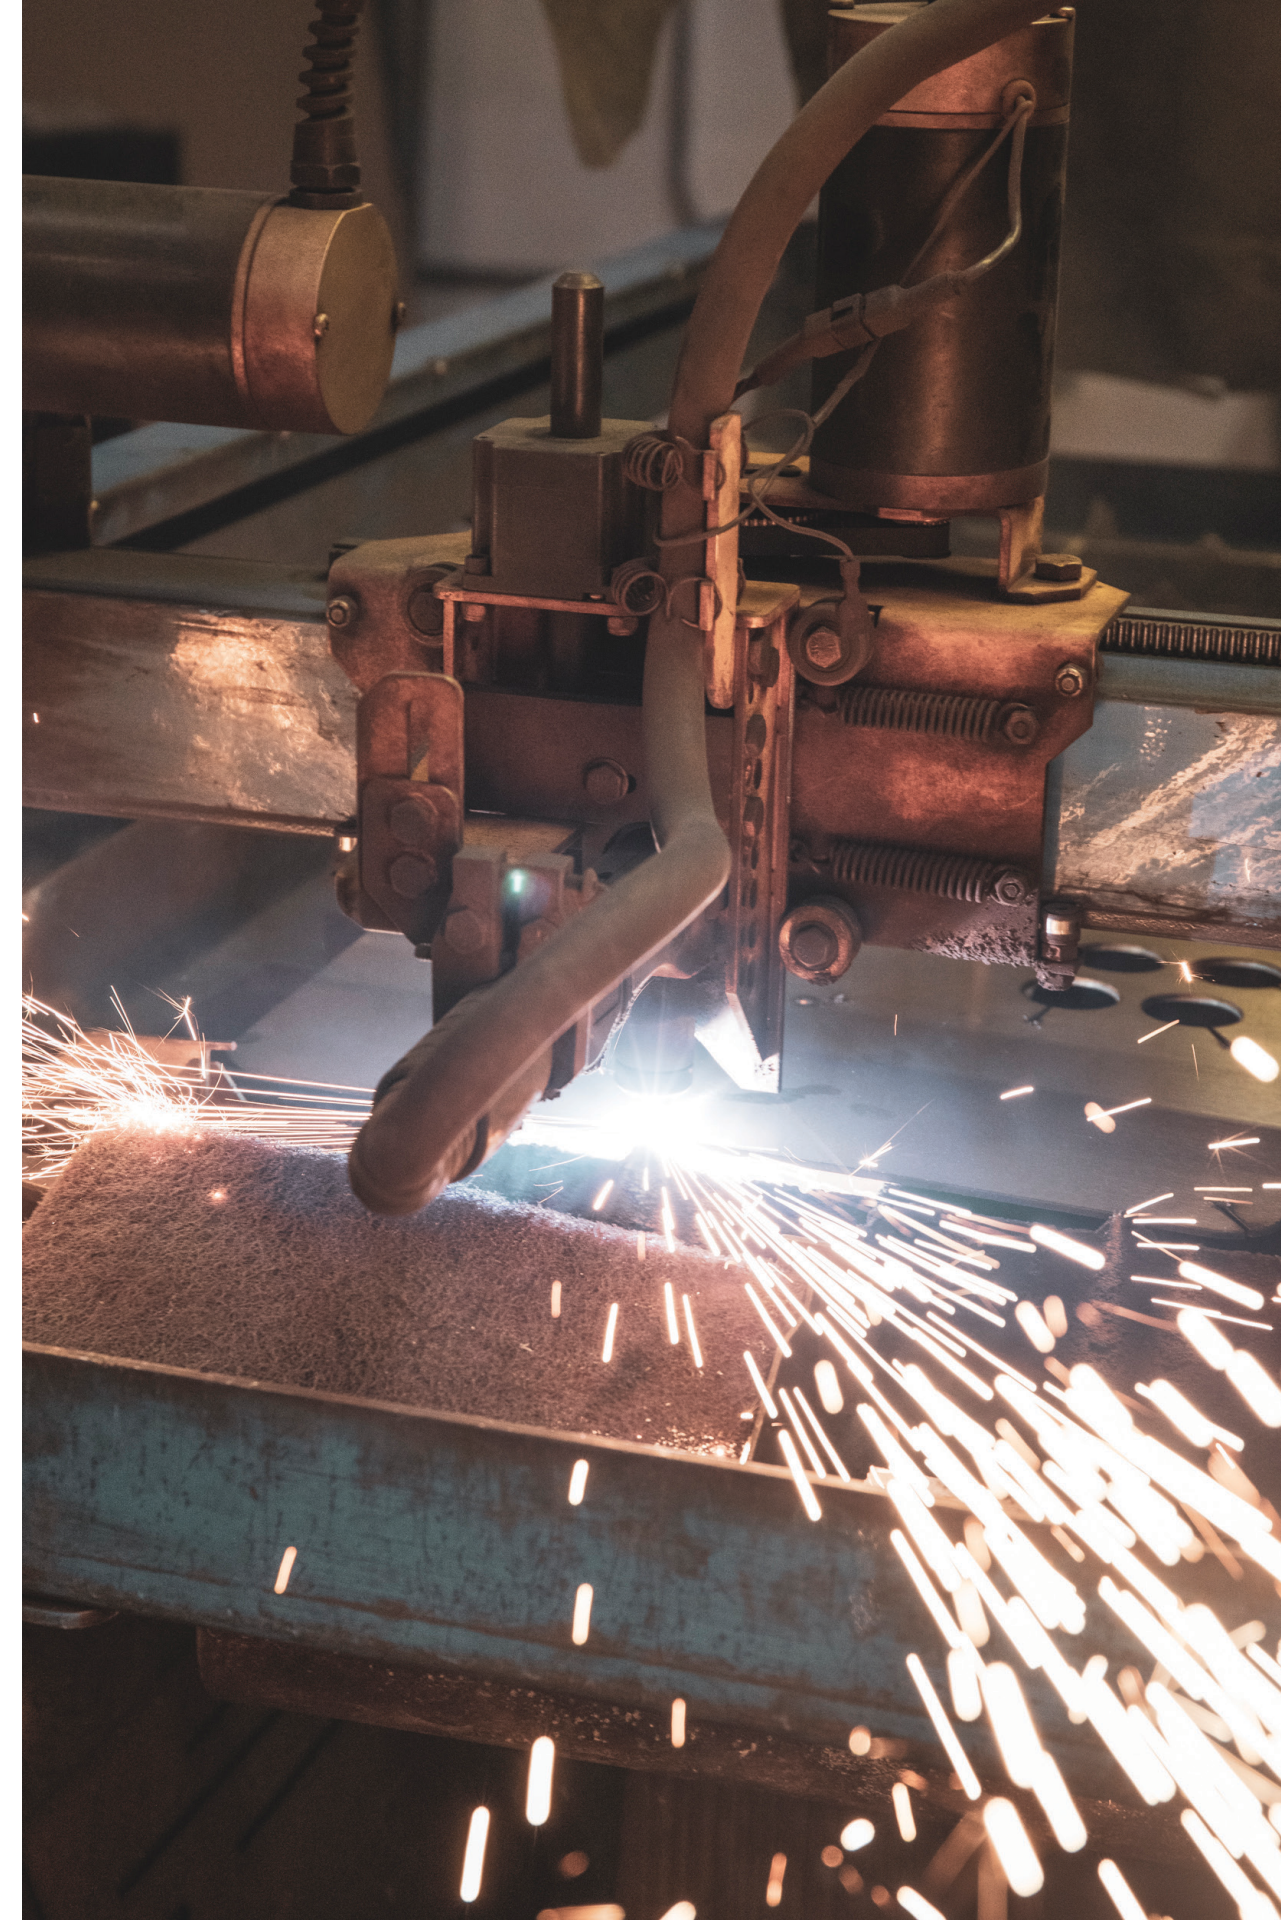

ON-SITE STUDIO

# Our Factory

---

Bon Chef operates a 65,000 Sqft. production facility located in Northern New Jersey, which is run by team of talented artisans with multiple disciplines such as Cabinetry, Electrical, Spray Finishing, Powder Coating, Metal Fabrication & Welding.

Having our own factory on-site provides us the ability to work directly with our customer to create custom-designed, made to order pieces that are tailored exactly to our customer's needs. We take great pride in our work. All Made in the USA!

# Liquor Bars

---

Work with us to design the perfect portable bar solution for your food service operation. From traditional, classic wood designs to modern, back-lit acrylic - we can create exactly what you're looking for.

# Induction Tables

---

Impress your guests with Bon Chef's Action Station Tables with Induction Units. Unlimited options available - choose from visible or hidden induction, and select from a wide range of materials and surfaces.

# Mobile Display Towers

---

If convenience is what you're after, Bon Chef's Mobile Buffets will suit your needs without sacrificing presentation. Roll your food, drinks, and snacks right into the center of the room for a dramatic display and easy removal.

# Podiums

---

Bon Chef Podiums add a professional edge to your restaurant, banquet hall, or hotel. Constructed with traditional techniques, each podium is durable and made to last. Choose from a variety of options, including menu storage drawers and shelves, microphones, and reading lights.

# Portable Wash Stations

---

No power or plumbing required! Our portable sink allows your patrons and employees to keep their hands sanitized even in outdoor, remote locations. Simply unpack, roll to your desired location, and fill the included fresh water tank. Perfect for outdoor events, daycare facilities, medical offices, spas or salons.
