

Nolla Sports Gear and Textile Spray is a fast-acting odor eliminator proven to keep sports equipment and fabrics fresh and odor-free. It instantly removes the smell of sweat with Nolla™ silver polymer technology.

Nolla™ works by forming an invisible layer of silver polymer which eliminates the odor-causing bacteria hiding in equipment or on fabrics. Smells are eliminated instantly without the need to wash or even rinse the sprayed item.

Ideal for all textiles, sports equipment, helmets, gloves, bags, mats ... you name it!

- ✓ ELIMINATES UNPLEASANT ODORS
- ✓ SPRAY & GO: NO RINSING NEEDED
- ✓ FRAGRANCE FREE

PRODUCT DETAILS

USAGE

▶ Spray on and let dry.

ACTIVE INGREDIENT

▶ Silver Chloride (<0.1%)

CAUTION

▶ Use biocides safely. Always read the label and product information before use.

Extremely flammable. Pressurized container.

BUSINESS

▶ We offer two forms of cooperation with our Sports Gear and Textile Spray:

Private label - our contract manufacturers manufacture the product with your branding

Licensing - dramatically reduce your manufacturing costs by licensing Nolla™ silver polymer technology
