

JERSEY BOATS ELANCO

Elanco represents a heritage in craftsmanship and symbolises the quality and attention to detail that has become synonymous with a Landamores' built boat. Beautifully finished and with bespoke interior joinery and teak decking, the Elanco models are handcrafted and offered with a fully tailored design and specification, created to perfectly suit the owner.

JERSEY BOATS RANGE FROM
LANDAMORES BOAT BUILDERS

JERSEY BOATS CLASSIC

The Classic design has a pared down interior formed in GRP, with timber flooring, trim and bulkheads that give the boat a warm and traditional feel. This fit-out maintains excellent performance on the water, making a Jersey Classic the perfect choice for those who want a quality boat but don't need the flexibility of a bespoke design.

The traditional lines of the Jersey 30 combined with her modern styling give this boat both character and charm.

With an open plan cockpit and wheelhouse, the boat feels spacious and sociable. Typically configured with a twin cabin layout, she's perfect for a couple, or as a compact but comfortable family cruiser. Beautifully finished and well fitted out, the Jersey 30 is a versatile craft that has excellent performance from a range of power options.

With superb lines, the Jersey 36 is an exceptionally versatile craft that won't disappoint.

The bi-fold doors between the cockpit and wheelhouse create a wonderfully social and welcoming living area. The twin cabin layout provides generous accommodation down below and the specification includes many features that you would expect as options. Performing well at high speeds whilst maintaining stability, the Jersey 36 is an ideal boat for family and friends to enjoy.
