

PRODUCT SPECIFICATION - APPLICATION & USE

PRODUCT NAME: **WALLCLEAN**

GENERAL DESCRIPTION: Pale red acidic liquid.

USE FOR WHICH PRODUCT IS INTENDED: Brick work cleaner and face work descaler. Removes cement and mortar. A safe replacement for spirits of salts.

SPECIAL EQUIPMENT REQUIRED: Spray applicators.

METHOD AND CONDITIONS OF USE: First wet surface to be cleaned, then apply WALLCLEAN with the special sprayer. Agitate if necessary, then simply hose or wash off to restore surfaces to their original conditions. WALLCLEAN may be diluted with up to 3 parts water for all above operations.

METHOD OF CONTROL: Continue further applications until cement, mortar or scale are completely removed.
