INTRODUCTION

About Cottam

Cottam has over 150 years experience in the design, manufacture and supply of high quality brushware. We offer our customers the optimum levels of service and reliability.

We are continuously investing in our systems and infrastructure to ensure Cottam can efficiently satisfy your needs.

Operating from our base in North East England, Cottam products are sold across the world and we aim to provide 100% availability at all times.

We are proud of our record of new product design, including bespoke and specialist items.

This catalogue features our current range of products, but we are developing and introducing new products on a regular basis. Check our website for the most up to date product information and details of new launches.

ORDERING WITH COTTAM

We like to keep things easy so emailed orders are preferred, but we're available by phone to help with product selection, pricing and part code queries to ensure you get the right product.

PPA00050

Plastic scuttle, wire handle. Accepts rollers up to 300mm (12") width, 16 litre capacity

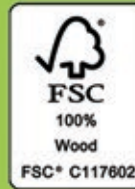

Pack QTY: 6

BRUSHES & BROOMS

This is where Cottam began, manufacturing traditional wooden brooms. 150 years later we offer a wide range of products with a choice of natural plant fibre, animal hair, synthetic fibre or wire.

You can contact us if you need advice on the best material for a particular application.

Don't forget your handle – the appropriate size is listed with each brush head.

MOPS, SQUEEGEES & HYGIENE BRUSHES

Our range of wet cleaning products are suitable for all industrial cleaning applications. Mops are stocked in cord or pure yarn and are either a socket or Kentucky style.

Squeegees are available in metal, plastic or wood and fitted with a solid or mousse (foam) rubber.

Our hygiene range complies with all existing EU and FDA regulations and is designed for use in hygienically sensitive areas such as food factories, bakeries, catering establishments and hospitals.
