## Why Choose OMEGA MEDICAL SERVICES, INC

Exceptional Skilled  
Nursing Care  
*in the comfort of your home*

### *Bringing Health Care Home*

When we are recovering from an illness, injury, or facing a new disability, most of us would prefer to heal in the comfort of familiar surroundings among family and friends. Our team of dedicated medical professionals brings health care home to you. Consider **Omega Medical Services** for help with:

Reducing the length of stay in a hospital nursing home, or rehab facility

Wound care

Injections

IV therapy

Care after a surgery

In-home rehab and therapy

Monitoring of a health condition being treated at home

Assistance with medication management

Other nursing services relating to new instructions from your doctor

And much more

- A professional, dependable provider of services tailored to meet individual needs
- A level of service that meets the healthcare industry's highest standards
- 24-hour service, including all holidays and weekends
- A cost-effective solution for patients in the hospital or at home who need nursing or rehab services
- Trained, screened, and credentialed health care professionals
- Response time for providing care is quick, often within hours from time requested.
- We match your loved one with a caregiver best suited to his or her needs
- Regular assessments by management to ensure client satisfaction
- Flexible payment options, including online bill payments, credit card, private pay, and submission of claims to long term care insurance companies
- Free consultation

## *The Home Health Advantage*

Our services can help prevent rehospitalization, postpone institutionalization, and reduce the need for urgent care.

We offer convenience. Visits are made on your schedule, in the comfort and privacy of your home.

We offer one-on-one care personalized to your unique needs.

Care at home costs less than hospital or facility care.

Home health care reduces stress for patients and caregivers, while allowing patients to maximize quality of life at home with their families and loved ones.

Home health care promotes better outcomes. Studies show that many patients achieve better outcomes when treatment plans are completed with home care.
