

QUALITY POLICY

Malary Ltd strives to be the preferred supplier of our products and services within our chosen field.

Malary Ltd is committed to achieve high levels of customer satisfaction in the quality of our products and services.

This will be achieved by our total commitment to:-

- Deliver products to customers in the right quantity, on time and at the most competitive cost possible
- Identify and deliver tailored waste management solutions to meet each customers' needs, that are fit for purpose, whilst complying with all statutory and legislative obligations
- Continually improve the effectiveness of the company Quality and Environmental Management system, using clearly defined methodologies, regular management review and internal audits

All employees are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own works, so far as is reasonably practicable, are carried out without risk to themselves, others or the environment.

Signed:

Lewis Walker
