Lok Bharti Social Media Video

We all associate ourselves with a some name or some purpose . watch our LOK BHARTI Face Book page social media video.. comment like and share with #skillindia

Editorial

--Nitin Seth

The Roman calendar identified January as the month in which looking back and looking forward were both appropriate. We at Lok Bharti are using this first issue of Skillopedia of January 2016 to do some of both for our organization

A new year begins and a new challenge needs to be undertaken. The best practices we adhered to in skilling and impactful CSR implementation for various corporate clients in the past year has given us a 360 degree turn in our project execution , but going further and with the vision to give in the society , we all at Lok Bharti are ready to enhance our execution skills to make our skill development across various domains and with PAN –India presence more impactful. This not only means reforming execution on grounds but also means reframing the processes and policies from the HO to ground level.

Looking back at the quarter, we are happy to announce being associated with Godrej across various verticals for CSR implementation. Further to it we were successful giving the end deliverable of skilling by placing approximately 200 candidates in Automotive, Electricals and Healthcare sectors. Going further we are open for association with training partners were of the same vision and mission as ours.

In that spirit, we at Lok Bharti wish all our readers a very "Happy & Prosperous 2016"

HAPPY READING WITH SEASON GREETINGS!

With the exceeding population our country Lok Bharti organized job mela for candidates trained under UPSDM projects

Lok Bharti Jhalawar Team , participated in Skill Exhibition organized by RSLDC in Jhalawar.

Lok Bharti is associated with Godrej Properties for conducting Safety & Behavioral based trainings at Godrej Construction Sites.
