THE NEXT GENERATION OF HARDWARE TERMINALS JUST GOT BETTER.

PAR's EverServ®600 Series withstands the liveliest happy hours, the busiest dinner rushes & the messiest spills. Expandable memory and ample storage allow it to work in the most demanding restaurant environments, all while looking good thanks to its modern, sleek design. Restaurant operators know they can trust the durability of the EverServ®600 Series POS hardware because it just works- *every day, every time.*
