

# Acknowledgements

The Pennsylvania Pediatric Asthma Toolkit was developed by the Philadelphia Allies Against Asthma Coalition, and supported by a grant from the Pennsylvania Department of Health, through a U.S. Centers for Disease Control and Prevention Cooperative Agreement (Award Number 1U59EH000198-2 "Addressing Asthma from a Public Health Perspective.")

There were many people who were helpful in developing the Pennsylvania Pediatric Asthma Toolkit. Thank you to members of the PAAA coalition, as well as staff at the Health Promotion Council and the Children's Hospital of Philadelphia's Community Asthma Prevention Program for their input in developing the Pennsylvania Pediatric Asthma Toolkit.

We would also like to extend a special thanks to the physicians, nurses, and asthma experts for their time and expertise in reviewing this toolkit.

## **Expert Review Panel**

### **Tyra Bryant-Stephens, MD**
