£250 cashback  
regardless of its  
age or condition\*

**POWERED PALLET TRUCKS THAT MEAN BUSINESS**

[cesab-forklifts.co.uk](http://cesab-forklifts.co.uk)

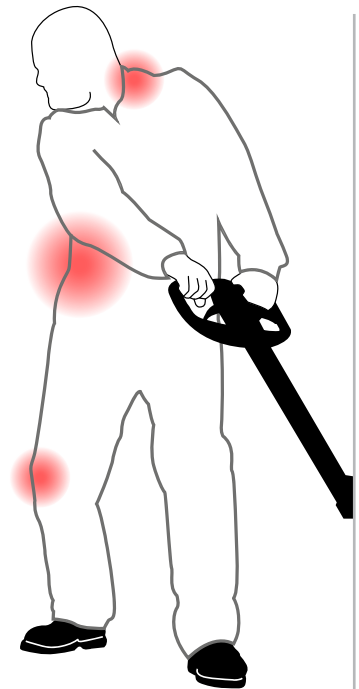

**CESAB**

# More than a third of industrial accidents are caused by manually handling loads\*\*

Protect your staff and your business starting from just £11.99<sup>†</sup> per week.

Manual handling is the biggest cause of musculoskeletal injuries in the workplace, with these kind of injuries accounting for 44% of all work-related ill health (HSE/Labour Force Survey 2015). It isn't unusual to see hand pallet trucks in regular use, with operators using their arms, backs and legs to manoeuvre a hand pallet truck around a workplace without realising just how much strain they're placing on their bodies.

Whatever your market place is, from retail to wholesale, manufacturing to distribution, CESAB offer a range of powered pallet trucks with capacities from 1.3 to 2.5 tonne and a choice of configurations to let you tailor the trucks to your specific needs.

## New Cesab P113 Powered Pallet Truck

Compact and lightweight but powerful enough to handle heavy loads in a variety of lower-intensity including on-board delivery vehicles.

## Better control in tight spaces

Simple and intuitive tiller arm control. Finite positioning is made easy with the creep speed feature.

## Powerful and compact

Powerful enough to transport heavy loads but compact for easy use in congested areas or on-board delivery vehicles.

## Improved ergonomics

Ambidextrous tiller arm puts all controls within easy reach.

## Safety without compromising productivity

No roll back when starting on slopes. Pin code activation and individual parameter settings ensure better safety for operator and colleagues.

## Easy battery charging

Built in intelligent charger ensures fast and easy charging. Optional in-vehicle charging system for opportunity charging when used on delivery vehicles. Automatic switch off saves energy.
