"We have 83 rooms that require full sets of sheets and towels. When our washing machine gave up for good we needed someone to assist us with a full-time laundry solution until the new machine was in. In stepped the awesome people of Express Laundry Center. Not only did they launder our items, but they also sorted and folded them by size. Express Laundry Center surpassed our expectations completely. They responded with exactly the laundry service we needed and impressed us with their customer service and quality."

- Melanie Sutton, General Manager, Fairfield Inn & Suites

Why Choose Express Platinum Laundry & Linen Service

- We are flexible and provide personalized service compared to other factory-based laundry services
- No job is too large or too small
- We have multiple-sized washers at each of our locations to service any need
- We have six large capacity washers (75 lb each) at each of our locations to handle large items or volumes
- We can handle different linens and types of stains
- Our equipment offers superior programmability—allowing for flexible programs with different wash & rinse cycles to tackle various items
- Our equipment is among the most energy-efficient on the market today, so you can feel good knowing that by choosing our laundry services, you are conserving the earth's natural resources
