IMS for Oncology Practices

- ✓ Simplify patient visits with oncology-specific templates for faster, more comprehensive documentation, storage, and retrieval of detailed patient data.
- ✓ Enhance workflow with a paperless office. Gain better communications, greater efficiency, and deliver better patient care.
- ✓ Improve overall revenue with accelerated reimbursement, automatic coding recommendations, decreased denials, and increased patient flow.
- ✓ Built-in reporting tools scrutinize your practice's patterns for pay-for-performance, meaningful use requirements, quality measurements, and business analysis.
- ✓ Access patient information at the point of care, no more chart-pulls, and no more misplaced records.
- ✓ Eliminate redundant paperwork, enable patients to complete forms with integrated patient portal, and in-office kiosk.
- ✓ Achieve interoperability and connectivity with other health care entities, pharmacies, and labs for referrals, orders, and results.
- ✓ Local ongoing support from a national team of industry experts -- IMS Authorized Partners, dedicated to serving the needs and interests of the oncologist.
- ✓ Automate prescription writing, drug interaction, and formulary checking with automatic alerts, and a fully-integrated drug database.
- ✓ Easily deliver patient education materials for oncology-specific tests, procedures, and disease management.

▶ Up to \$44,000

The Medicare and Medicaid EHR Incentive Programs will provide incentive payments to eligible professionals, as they adopt, implement, upgrade or demonstrate meaningful use of certified EHR technology.

▶ Purchase with Confidence

IMS is guaranteed to meet all of the ARRA meaningful use criteria and requirements or your money-back.

▶ Certified to Meet Meaningful Use

IMS, v.14.0 is ONC-ATCB certified as a Complete EHR. IMS, v. 14.0 is also certified in CCHIT's separate and independent program and is a CCHIT Certified® 2011 Ambulatory EHR.

▶ Easily Become a Meaningful User

IMS features a unique Meaningful Use Dashboard that quickly identifies meaningful use deficiencies. Review clinical data with graphical charts identifying patients not meeting clinical measures quickly and easily. Tasks, reminders, alerts and letters can be generated to improve meaningful use status.

IMS Features

✔ **Oncology-specific Templates**

Documenting conditions and symptoms is faster and more accurate using intuitive templates. Access comprehensive clinical content — document a complete office visit, including pre- and post-op appointments, with user-friendly, oncology-specific templates.

✔ **Quick Chemotherapy Treatment Documentation**

Predefined treatment protocols with automated CPTs.

✔ **Chemotherapy Scheduling**

Save time with a complete chemotherapy schedule for the entire course of treatment.

✔ **E-Prescribing and Prescriptions**

The flexible and comprehensive prescription module tracks medications and refill history. Improve patient care with drug education integration, dosing, allergy and drug interaction and contraindication checks.

✔ **Authorization / Referral Tracking**

Reduce missing authorizations and claim rejections with authorization checking at Check-In and Charge Posting. Authorization requirements can be set by procedure and insurance criteria.

✔ **Treatment Comparison**

Auto updated flow sheet for Chemo cycles; Review patient's Chemo cycles, lab results and vital signs on a single screen. Make evidence based clinical decisions regarding patient treatment by easily comparing multiple visits.

✔ **Document & Image Management**

Condense and organize files into a user-friendly, easily accessible digital document file cabinet. Organize documents with customized folder tabs, the integrated fax management module allows you to fax from the system, scan in documents, images, driver licenses, insurance cards, and more.

✔ **Lab Ordering, Reviewing and Tracking**

Supports HL7 interface so you can send or receive diagnostic lab orders electronically. Customized test templates and pre-printed order forms. Pre-import checking. Comparative and graphical representation of lab data saving physicians' time.

✔ **Plus so much more**

Scheduler, Patient Portal, Integrated Appointment Reminders, Auto Check-In, Check-In/Out, Lab Orders & Tracking, Letter Writing, My Tasks Dashboard, Health Maintenance Reminders, Dispensary, Document Management, Reports Preparation and Management, Fax Management, Scan Module, Billing and Collections, and Auto Form Filler.
