

Premium supplier of Rooibos Tea and much more

SOUTH AFRICA

Khoisan Tea (Pty) Ltd is located in Cape Town, South Africa.

From being a leading producer and exporter in the Rooibos Tea industry since 1997, our company has grown to offer a varied range of high quality food ingredients and Khoisan Tea branded retail products. From teas to Bourbon Vanilla, and exotic spices to tasty extracts, we offer a one-stop sourcing solution for food and beverage clients all over the world.

Our clients span the globe from Europe to Asia, North America and Africa.

Our aim is to offer the highest quality organic and conventional ingredients on the market today, with Khoisan Tea becoming a universal brand.

Pre-Packaged

Khoisan Tea Organic Bourbon Vanilla Range

HACCP

Applies to various products.

KHOISAN TEA ORGANIC BOURBON VANILLA RANGE

Bourbon Vanilla is known to be the world's best and most creamy vanilla.

It comes from Madagascar and nearby islands and is named 'Bourbon' due to historical French influence in that part of the world. Although vanilla also comes from places like Indonesia and Mexico, Bourbon Vanilla is distinct in its origin, quality, taste and aroma. Bourbon Vanilla from Madagascar remains unmatched.

Vanilla, a fruit from the orchid family, mainly consists of water, fat, wax, sugar and cellulose (98%) and comes naturally in pod format. What is interesting is that the remaining 2% consists of +/- 400 different aromatic components as identified thus far!

This is truly amazing and can only be accomplished by nature.

ORGANIC BOURBON VANILLA SUGAR, POWDER & CAVIAR

spices

bourbon vanilla

Cane sugar blended with our organic Bourbon Vanilla powder.

100% finely ground organic Bourbon Vanilla pods into a powder. Absolutely nothing else. No flowing agents.

Vanilla seeds taken from the inside of the pod mixed with our Bourbon Vanilla extract to keep it moist; like 'black gold' of the vanilla range due to its powerful taste and flexibility in use.

Speciality Products

HACCP

Applies to various products.

KHOISAN TEA 100% ORGANIC BAKERY & COOKING RANGE

From raw spices sourced globally, we produce our own finely-ground organic spice powders and organic spice extracts at our factory in Cape Town, South Africa.

We use straight-product only, nothing artificial and no fillers. Our bakery & cooking range offers top-of-the-range, ready-to-use products.

Our organic extract is made via cold extraction to ensure best flavour profiles from raw ingredients.

Cold extraction is a gentle but time-intensive method which ensures that none of the good qualities/flavours of the spices is destroyed by heat.

We round off by sourcing high-quality glass jars and bottles from Europe to ensure excellent packaging and merchandising capacities for supermarkets across the world.

We proudly package in glass and urge all clients to recycle these.

DRY SPICES

50g & 30g UNITS.

spices

Blend of 100% finely ground liquorice from Italy & Egypt.

Blend of 100% finely ground cinnamon bark.

Blend of 100% finely ground ginger root from Vietnam & Sri Lanka.
