

# Family walk: Cilcennin village to the secret garden

What do you call a fly without wings?  
A walk

Newgate Farm was believed to be a tannery at one time

Dylan Thomas is believed to have once lived

Blaen Camel woods. There is a permissive footpath through these woods starting between the poly tunnels. It has a fantastic range of spring flowers. It is also home to the King Alfred's Cake fungus which looks like a chunk of coal and is very good as a natural fire lighter

This wood has many old coppiced hazel shrubs. This a great area for birds. How many species can you spot?

The Old Woollen Mill, 1800-1953  
Can you spot the old wheel?

Just before you finish, take a moment to consider 5 changes that have taken place in the village in the last 100 years

Start / Finish walk here next to the school  
Approx. 2 hr walk

The Secret Garden.  
Look out for the Loch Ness Monster.  
Try and make a tune on the musical instruments.  
Take a picnic and enjoy the beautiful garden

Blaen camel organic farm.  
How many different vegetables do they grow? Check out the display in the shop.

This a very ancient track. See how it has been eroded by people, horses and rain of the years. How many different flowers can you spot?  
Floxgloves are found in many of our green lanes. The Welsh name is Bysedd y Cwm, or Dogs' Fingers

The 'Tin Shed', once Glanfa shop....

'Ysgoldy Fach' The very first school C.1700

1km
