TO, M/s Ray Constructions Limited
For
Maintaining good safety culture at
"Lubrizol TempRite Compounding Unit" Project
Year 2014

From the Chairman's desk

RAY is a prominent name in the field of Engineering, Contracting and Construction. The vast experience and the wide range of projects undertaken over the years has earned recognition amongst the biggest National and Multinational companies like the Tata, Birla, Reliance, Bechtel, Volkswagen, Pfizer, Jindal, Toyo, Udhe, EIL, BPCL, HPCL, MRPL, ONGC, TECHNIP, Thyssenkrupp, Cochin International Airport Ltd, Garden Silk Mills etc. to name a few.

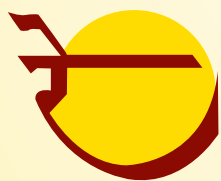

In addition from operating in length and breadth of the Indian sub-continent we have made footprint in overseas markets like the middle-east and have delivered Pre-Engineered structures to USA, China, Ethiopia and Bangladesh.

In our more than 4 decades of existence we have built a strong Value driven, Customer centered, urge for timely delivery and a company that strive hard to remain market leaders in our segment which also had been our motto. The unmatched combination of Knowledge, Skill, Expertise and Commitment towards every job has won our Customers confidence and satisfaction that has manifested us with repeat orders.

We are reputed to adopt the best practices available by updating ourselves with the latest techniques, engage sophisticated equipment to supplement our skilled and experienced workforce.

Though an ISO 9001:2008 Company in our pursuit for excellence it is our continuous resolve to execute projects as per the highest global standards. For us Human safety, health and hygiene are a challenge which has won us many accolades and awards over the years.

It has been our constant endeavor to be in harmony with the environment and deep rooted in our commitment towards community welfare and social uplifting. Today RAY is proud to play its role in the Nation building.

MISSION

Emphasize to deliver high quality services and products by adopting World class standards and innovative practices in the field of construction industry.

Disseminate knowledge to all sections of work force and to develop and update their technical skills.

- To be a forward looking Organisation that is efficient, flexible, empowering manpower and to be sensitive to the requirements of clients, consultants and stake holders.
- Plan, co-ordinate and optimised resources utilization. .
- To adopt and ensure healthy and safe working methods.
- To be a company that is accountable towards the progress of society.
- To adopt and practice environmental and friendly approach.

VISION

“ To be a world class Engineering construction company adhering to time schedules and thus avoid cost over-run by using modern and sophisticated equipments and to lead the socio economic development by enhancing technical skills of manpower and ensure high quality product in construction field. ”

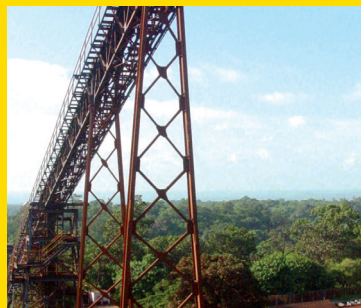

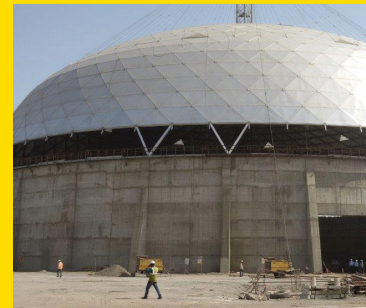

A ONE-STOP-SHOP FOR ALL ENGINEERING SERVICES

With a keen eye for quality of service Ray has created an unparalleled reputation in these areas.

OUR PROFILE

Ray - A modest beginning

Like many organizations, Ray had its humble beginning when the company started operations in the field of site development and road works. Those were tough times and that was just the beginning. Through hard work and dedication the organization was built brick by brick. Today, since many years of its inception Ray stands tall with many landmark projects under its kitty and a long list of distinguished clientele who have placed their trust in us.

A One-Stop-Shop for all engineering services

Today Ray is a multifarious organization, gaining and executing high value contracts both in public and private sectors, Ray provides a whole gamut of engineering services related to infrastructural facilities, road construction, industrial buildings, airports, towers, chimneys, structural steel works, storage tanks, cross country pipe lines, mechanical equipment erection, environmental engineering, water supply projects, water treatment plants, sewage treatment plants and effluent treatment plants. With a keen eye for quality of service Ray has created an unparalleled reputation in these areas.

Cementing trust through quality and timeliness

Since the inception, Ray is dedicated to achieve high quality standards in all the projects. With stringent deadline in unfavorable conditions, we at Ray deliver the project on time. The saying "when the going gets tough the tough gets going" holds true for us too. This timeliness and dependability has earned us the trust of clients from across sectors. In fact, most of our clients repose and reaffirm their faith in us by placing repeat orders.

A winning blend of state-of the-art technology and skilled human resources

We have some of the best engineering minds working with us. Using the most modern and sophisticated equipment coupled with the skill of our personals and strong work force we have created enduring engineering marvels. Contrary to the popular custom of hiring the equipment, we own a wide variety of construction equipment. To access the latest in technology in the field of environmental engineering, water treatment plant and sewage treatment plants, Ray has entered into technical collaborations with M/s. Satec (Holding) Limited of UK.

Creating a brighter future

The quality that we display and our punctuality in delivering out promise has earned us many clienteles and an unmatched reputation. Today we are registered with various government bodies in the highest relevant categories and have been empanelled with almost all the top ranking consulting firms. Our reputation has crossed national borders and we have been awarded with overseas assignment as well. But we believe all these achievements are just stepping stones towards a more challenging future.

QUALITY POLICY

“ Achieve customer satisfaction through quality Civil works related to all Project constructions using Quality Management System and by involvement of employees and to ensure continual improvement in the performance of the company.”

ENVIRONMENTAL, HEALTH AND SAFETY POLICY

Ray Group is dedicated to provide a safe work place and clean environment to its employees, workers, associates and who ever is directly or indirectly in touch with the company. We will continually enhance our Environmental, Health & Safety (EHS) performance in all our activities and services through a structured EHS management framework. Towards this commitment, we pledge to :

- Meet with applicable EHS legislation and other requirement and exceed them.
- Concern natural resources and energy by constantly seeking to reduce conception and promoting waste reduction and recycling.
- Eliminate, minimise and / or control adverse environmental impact and health & safety risks through adopting best EHS management practises at all levels and functions.
- Enhance awareness, skill and competence of our employees and workers so as to enable them to demonstrate their involvement, responsibility and accountability for sound EHS performance.

TO WHOMSOEVER IT MAY CONCERN

This is to certify that M/s Ray Constructions Limited, Mumbai have successfully completed the Civil and Structural Works involved in construction of 2 x 10 MW Kabini Dam Power House Project at Beechanahalli, Karnataka. The construction work was entrusted to M/s Ray Constructions Limited in the following core areas of the project.

1. Penstock
2. Machine Intake
3. Power House
4. Tail Race
5. Transformer foundation and related structures

Bulk of the work involved Excavation and Concreting quantities whereof are as under :-
Excavation - 1,20,000 Cu.M
Concreting - 24,000 Cu.M

The work on the main building housing the machines like turbines, generators, large pumps etc admeasuring 51.5 x 24 x 25 mtrs comprised excavation in murrum, soft rock and hard rock by blasting and chiseling. This basement was for housing turbines.

The work commenced in January 2001 and was completed by end June 2003. The total value of the work on completion including cost of materials was Rs.1,600 lakhs.

M/s Ray Constructions Ltd are resourceful, hard working and sincere in their approach and are very co-operative. They are capable of providing any kind of construction equipment at short notice whenever required.

As such we are satisfied with the quality of their workmanship and execution and we would recommend them for any project involving similar work.

This certificate is issued at the request of M/s Ray Constructions Limited, Mumbai without prejudice to any of their obligations under the contract they have entered into for Kabini project.
