Jot is our most versatile range with the flexibility of specifying of drawers, flippers, hinged doors and shelves within a unit

Jot can be fitted with cushion pads for perching

lets get a little technical

RANGE

Jot storage range includes hinged doors units, multi-depth side filers with optional central locking or individual locking compartments, combination storage with side filer drawers at the bottom and either hinged door or flipper compartments at the top. The range also features a standalone bookcase with side filers at the bottom of the unit.

CARCASS & CONSTRUCTION

18 gauge steel with a double skin formation for rigidity. Monocoque frame. "Letterbox" handle which is designed ergonomically to allow finger entry to the side of the handles.

Hinged doors: Double skinned. 3 hinged per side, designed for 120 degree opening ensuring clear access space for users.

Side Filers: Drawer boxes are full height to the front, back and sides allowing the drawer to be used as a filing frame, divided drawer or storage bin. Drawer boxes are formed from 20 gauge steel and are painted black. Each front has two label holders.

WORKSURFACES

Selected Jot units are available with a 25mm MFC top to compliment desking ranges. All our MFC's are FSC®- C015991 certified. Our materials meet British standard 476 class 1 surface spread of flame, and E1 European standards on Formaldehyde emissions. Bespoke cladding can also be supplied, please contact a Flexiform representative on 01274 706206 for more information.

RECYCLABILITY & WARRANTY

Jot Storage is 94% recyclable. The Freestor range is supplied with a 10 year warranty.

COMPONENTS

Jot units are available with a plain shelf, slotted shelf, pigeon holes, lateral filing rail, lateral suspended filing rail with plain shelf, front-to-back filing rail and side-to-side filing rail.

DIMENSIONS

Jot storage is 500mm deep throughout the range. Each unit is available as 800mm and 1000mm. Our Jot range is available from 695mm high to 1920mm high, please see each ranges specification guide for more details.

AFTERCARE

Due to their resistant surfaces, our worktops do not require any special maintenance. For light soiling, clean with a paper towel, soft clean cloth (dry/damp) or sponge. If using a damp cloth, dry the surface with an absorbent paper towel or microfiber cloth. For normal soiling, clean with warm water, a clean rag, microfiber cloth, soft sponge or soft brush. Use non-abrasive domestic cleaners, remove all traces of cleaning agent with fresh water, and dry the surface with an absorbent cloth or paper towel.

JOT COMPONENTS

Plain Shelf

Ideal for storing Lever Arch Files, boxes and miscellaneous items.

Slotted Shelf

For use with dividers, a slotted shelf is useful for items that lack rigidity such as magazines, shelf files and wallets.

Pigeon Hole Shelf

Suitable for traditional pigeon holes for internal mail or storing A4 and A5 forms or literature.

Lateral Plain Shelf with Fixed Rail

This shelf stores items like a traditional plain shelf, but can also store suspension files on the rail under the shelf, providing greater flexibility.

Lateral Suspended Filing Rails

For fixed side-to-side suspension files.

Front-to-Back Filing

Suitable for drawers only, allows for suspending files front-to-back in 2 rows.

Side-to-Side Filing

Suitable for drawers only, allows for suspending files side-to-side.
