

Ways we are different

We could write lots of fancy or technical sounding words which tell you why we are different, but it's pretty simple really:

'Computer says no'

Cases are assessed by a qualified individual who will take the time to understand your circumstances and make a recommendation, based on what is best for you from the range of products we have available.

Loan term dictated by age

We can offer loans over the longer term – up to 25 years. We will aim to ensure any finance package offered is sustainable and doesn't impact too much on your day to day living standards.

Variable rates

We want to keep it simple. We offer fixed rates for the entire term of the loan.

Incur a penalty for repaying early

Parity Trust does not charge any penalties should you want to make overpayments or be in a position to repay the loan before the end of its term.

"You have no idea, I thought I would lose my home because I could not get a re-mortgage. My stress levels are now normal and thank you for being there for me."
