c-cube

Corporate Instant Messenger

Enterprise Communication & Collaboration with Secure Instant Messaging

Overview

Effective and secure communication is imperative for the growth of any organization. Instant Messaging is the most preferred communication tool for employers, employees and partners in today's digitally connected enterprises. The business challenge lies in implementing an Instant Messaging solution that is both productive and secure.

c-cube offers an enterprise grade Secure Instant Messaging solution for effective communication, collaboration and community building in the corporate enterprise for employers, employees, partners & customers. c-cube ensures security of the information that is being transferred in the enterprise with the use of strong compression techniques; due to which the messages and files are protected and transferred instantly.

Key Features

- One-on-one chat, group messaging and conference chat
- Password protected messages & file transfers
- Manage contact list with recent & frequent contact views
- Transfer files and share screen captures
- Track the chat history for audit trail
- Transmit offline messages and voice mails
- Robust client panel and secure web admin panel
- Set reminders for meetings and events
- Custom status messages for online presence
- Automatic archival of chat logs for audit trial
- Corporate policy & privilege settings for controlled access
- Restricted keywords with email alerts
