

CHARTERED
ACCOUNTANTS
INCORPORATING WALSH AND CO.

ACCOUNTANTS FOR THE DIGITAL AGE

“

360 Chartered Accountants is a team of professional, hard working and fresh thinking accountants, ready to help you take your business to the next level.

”

ABOUT 360

was created in 2010 with a vision of a 21st century firm of accountants that embraced modern technologies and working practices to the benefit of all stakeholders in the business.

We realised that in these challenging, rapidly changing times, SME owners needed much more than the historical financial information produced by many firms of accountants.

Thanks to our on-line software, clients of 360 enjoy real time financial information to help them make timely strategic decisions and predict future cash flows.

The business has been built on word of mouth referrals from existing clients and professional contacts and is believed to be the fastest growing practice in the region. There is spare capacity within the business which means projects are turned around quickly and queries answered on a timely basis.

Our team is highly trained and we are geared up for future challenges of MTD (Making Tax Digital) and the rapidly evolving environment our clients operate in.

TAX

SELF ASSESSMENT

What can be a complicated process, especially since HMRC are constantly introducing new rules and regulations, is made simple thanks to our well-tuned systems and expert staff.

VAT

VAT is one of the more complex UK taxes and, often, even what appears to be a straightforward VAT question can open a can of worms. We can give you the advice and service tailored to your particular needs.

TAX PLANNING

At 360 we pride ourselves on giving clear, timely, understandable tax planning advice to our clients whether they be corporates or individuals.

AUDITS

Limited companies with an annual turnover of more than £10.2 million, assets worth more than £1 million, or more than 50 employees on average are required to have their accounts audited by registered auditors such as 360.

BOOKKEEPING

Our flexible approach to bookkeeping guarantees that we can tailor our services to meet the needs of your business allowing you to concentrate on running your business.

YEAR END ACCOUNTS

Our year end accounts service is very competitively priced and we will agree the amount of verification work that is to be carried out on the books and records before commencing the engagement.

FORENSIC ACCOUNTING

We can also perform system audits to identify areas of the business at risk of fraud and make recommendations to reduce these risks.

AUDIT & ACCOUNTS

BUSINESS ADVICE

BUSINESS SALE SERVICE

Ensuring that the maximum value is achieved for your life's work is a key component of any business. We can help you achieve the maximum price for your business and also help you prepare it for sale.

STARTUPS

Most accountants will claim to be experts in helping start-ups but, before engaging one to help you start and grow your business, you should ask them one simple question 'when did you last launch a successful business?' Partner with a team that has been there and bought the T-shirt.

5FOUR PAYROLL

5four Payroll allows employers to forget about the red tape involved in employing staff and enables them to concentrate on running and growing their business.

COMPANY INCORPORATION

These days, many people are tempted to form companies on-line themselves, but if this is done incorrectly it can be an expensive exercise to rectify. 360 have the experience and software to form companies efficiently and correctly.

COMPANY SECRETARIAL

The amount of paperwork to be completed can take up valuable time. 360 have the necessary resources to complete this burden on your behalf in a timely and professional manner.

RAISING FINANCE

We're seeing an increasing number of clients asking us to assist them raise finance to fund increased production, expansions or acquisitions. Our corporate finance department will identify all of the options.

MANAGEMENT CONSULTANCY

One of the areas of our work we enjoy the most is helping our clients identify the issues that are holding their business back and then helping them drive the business forward.

VALUATIONS

Valuing a business can be a challenge, when it is an SME with no obvious marketplace for its shares. There are also numerous methods for valuing a business, each of which will often result in huge fluctuations in value.

BUSINESS PLANNING

Whether you are a start up or long established business it is essential to have a realistic, working business plan. A business plan is a written document that describes a business, its objectives, its strategies, the market it is in and its financial forecasts.

CREDIT CONTROL

Credit control is one of the key functions in any business and an efficient, robust credit control system will have a positive effect on your business. We can help improve your credit control systems through training, credit checking and much more.

GRANTS / GRANT CLAIMS

360 can help you identify potential grants and assist with the application process. There are limited opportunities for grant funding. However these do exist but are mainly in relation to items of a capital nature within certain sectors. For further information contact us.

FEE PROTECTION SERVICE

Investing a small amount into our expert protection service now means that you will receive complete support if HMRC target your business, with no additional cost. We will manage your case from start to finish, reducing stress and providing peace of mind.

OUR SPECIALISMS

TECHNOLOGY COMPANIES

Choose 360 Chartered Accountants and you'll get the support of a dedicated, specialist team with extensive tech industry experience.

We understand the fast changing nature of the technology sector and the need to be flexible and responsive in a competitive environment.

With state of the art IT infrastructure, we're fully geared up to integrate with your business systems, optimising your financial record keeping to the benefit of your business.

TRAINING PROVIDERS

As a result of the increased demand for our services we have established a bespoke specialist team to work with our Education and Training sector clients.

One of our Directors, Andy Jewitt, heads up all work in the sector and has extensive experience of many aspects of training organisations, not just in the provision of 'traditional' accountancy services, but in the direct involvement in both operational and financial aspects of training and education providers.

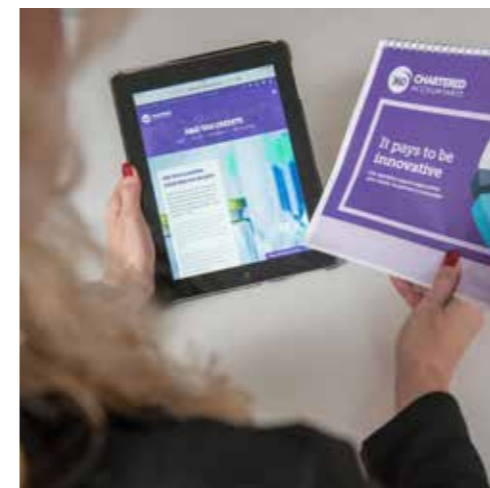

LEGAL ACCOUNTANCY SERVICES

Get reliable, cost-effective and responsive support with all your accounts preparation and taxation requirements.

As registered auditors we are able to perform client money audits and we are also members of the ICAEW solicitors group.

With extensive experience working with legal firms of all sizes, and working across a range of different departments, we're here to help your practice maximise fees and improve financial performance.

R&D TAX CREDITS

Are you claiming your R&D tax reliefs?

Well, if you are, you are certainly in the minority. It has been estimated that, of the 150,000 to 200,000 companies which are eligible for these reliefs, only 20,000 actually do claim.

That's just 10% – 13%!

HMRC have recently been positively encouraging businesses to make claims for R&D activities and have introduced a scheme for companies to apply for advanced approval.

PROPERTIES & LANDLORDS

The taxation of profits from land and property has become increasingly complex in recent years. The question as to whether to incorporate your portfolio is one that we are often asked. Getting the correct answers for your circumstances can be crucial.

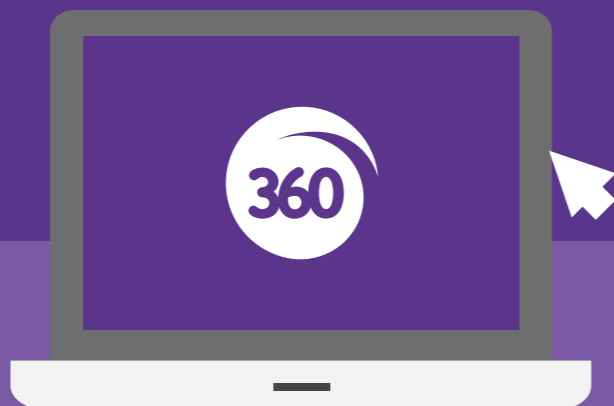

CHARITIES

In the heavily regulated charity sector, it's vital to have the right accountancy support from a team you can trust. We provide a full range of accountancy and auditing services designed to ensure that you stay compliant, whilst making the most out of funds and fundraising efforts.

For more information on all our specialisms, please visit our website at WWW.360ACCOUNTANTS.CO.UK

MARKETING AGENCIES

Let us handle the numbers, so you don't have to. Get professional accountancy support tailored to meet the unique needs of the creative sector. Whether you're a sole trader, design start-up or an established agency we're here to help your business make the right financial decisions.

TESTIMONIALS

NICK TYLDSLEY
SUPERFLY MARKETING LTD

“Thanks to 360, my accounts and Management information is online, real time and available for me to access 24/7.”

SHANE BEARDSLEY
KIRK ELLA INVESTMENTS LTD

“It is very true when I hear it said that people deal with people, and this is certainly the case here. You have provided accountancy services to not only myself and all my businesses, but also a number of our clients on our recommendation, both individual and corporate.

All tasks, no matter the size have been handled with professionalism and speed, whether it is sorting out payroll, setting up a new company, or completing end of year accounts; no job has been too small.”

ANDREW CROZIER
INSIGHT PHOTOGRAPHY

“My switch to 360 Chartered Accountants has been as smooth as I could possibly have imagined.

They contacted my previous accountant and arranged the hand-over and as soon as the professional formalities were over, their team set to work putting my books in order.

I would have no hesitation in recommending Andy and his team to anybody who needs an accountant that takes the headache out of numbers.”

NEIL HUDGELL
HUDGELL SOLICITORS

“360 Accountants give my team accurate, timely financial and KPI information and their knowledge of solicitors accounts rules is second to none.”

ON-LINE ACCOUNTING

BEAUTIFUL ACCOUNTING SOFTWARE

We have been using and supporting Xero, the world's leading on-line accounts solution, since 2010 and are one of the region's few gold accredited providers.

Unlike many on-line accounts packages, this product has been written especially for use over the internet and by mobile phones.

From just £22 plus VAT per month you can enjoy all of the benefits of cloud accounting.
