

Project Piaba

Rio Negro Expedition

September 24-October 8, 2022

Join the Project Piaba team on an expedition to the Rio Negro!

Project Piaba has been studying and fostering the aquarium fish trade of the Rio Negro region for more than 30 years.

This industry drives conservation by providing sustainable livelihoods to rural families, inspiring stewardship and protection of the habitat that supports the fishery, and prevents environmentally destructive industries from taking hold.

- 2 weeks on a well appointed live-aboard boat
- Professional English speaking guides
- Visit fishing communities
- Visit wild fish habitat
- Participate in activities that improve fish health

PROJECT PIABA

Buy a Fish, Save a Tree
