PRESIDENT'S REPORT ___ Barry Lambert

Thank you to all members for their support and tolerance through the past Rotary year.

On looking back on the Club Key Objectives I set at the beginning of the year I can report that:

- . we have achieved a net increase of 2 members*
- .supported Australian Rotary Health Research Fund (ARHRF) with a donation of \$1000*
- .supported the Rotary Foundation with a Club donation of \$2140 (2 PHF) as well as a number of individual donations through Centurion and direct giving avenues*
- . supported two major charities (Wheelchair Foundation and Camp Breakaway) with donations of \$3000 each*
- . raised funds for the Shelterbox program for Burma*

Other funds went to Bowelscan, Youth Exchange, Muna, Nordby, RYDA, RYPEN, Siemens Summer School, Wesley Koni, Rural Fire Service.

Our fundraising activities included Trailer Raffle, Garage Sale, Bunnings BBQ's, Spring Dance, Wine Sale and bucket collection at Cherrybrook Village for Burma. The Tree of Joy at Cherrybrook Village was again a huge success.

During the year we welcomed Gino Savio, Carol Russell, Julie Constable, Prue Daras, Tom Westcott and Bob Myers. We will miss those members who have left us this year- Jim Kehoe, Brian Brett, Ross Parkinson.

We will all remember our Christmas Luncheon trip to Kurmond on December 9th not for the food but for the aftermath- the hailstorm and consequential damage.

Thanks to my board members for all their work and support throughout the year.

A special thanks to all the partners for the support they provide to the members in all our activities throughout the year and for their attendance at meetings and functions.

I must thank Helen for her patience and support through the year and in particular catering for Board meetings and organising the partners dinner functions through the year.

Finally I wish Tim and Alison good luck for the coming year.

DIRECTORS, OFFICERS & COMMITTEES 2007-2008

CLUB SERVICE REPORT-- Tim Bowland

Wow writing a report on Club Service activity for the year... where has it gone.

Due to the good work done in the preceding years we started the year in a strong position both organizationally and with membership numbers.

It looks like we will finish up with a positive membership growth at the end of June.

This reflects well on our club and its members. There is not a club meeting goes by where there is not a jovial friendly atmosphere prevailing. That is a great attribute of our club. The addition of three new female members is of significance we now have four lady members. This movement towards a more balanced club membership also adds greatly to the strength of our club.

Our Treasurer Graham Coles has done a very professional job during the year handling, recording and reporting on the financials of the club.

Club Secretary Keith Ball has had a challenging year balancing the management of the establishment of a new plasterboard factory in Queensland and the key role of secretary, thanks Keith once again. Keith has worked during the year to overcome the outstanding issues relating to our name change and matters effecting our license to conduct fund raise activities.

Our program co-ordinator Jim Simpson did a marvelous job organizing the program and interesting guest speakers, thanks Jim.

Sergeant (young) Tim Bickford kept us amused with his fines and raised a respectable amount of funds while keeping the meetings organized.

David Turnbull organized our participation at another conference at Bathurst. And in keeping with a tradition we won a prize for the most creative entrant on the Saturday night. Thanks to Jill Turnbull for the interpretation of the theme :”Racey” interpreted “Ray Charles” and to all those who attended and helped with the preparation.

Barry Freeman as Fund Raising Director led us through another year without any shortage of funds. Our Cherrybrook Chase Fun run was the only casualty fund raising event, it was cancelled this year because of difficulties with key outside partners not being able to be resolved in time.

Larry Jacka kept us well informed on Foundation and other Rotary matters. This combined with Dick Bushell’s new Bulletin format resulted in a “Certificate of Achievement” being awarded to the club by District. Congratulations Dick, Larry and the others who helped produce the bulletin during the year.

Risk Management was again handled by Peter Cleary who had previously established Risk Management plans for club activities.

Tony Makin with the assistance of Peter Garnett conducted a number of social activities during the year. Thanks guys well done.

Dinner Registrations during the year was handled by David Turnbull and his trusty staff, using maths and guesstimating he was able to get us through the year without to much anxt.

Welfare was ably handled by Alan Paynter who unfortunately had to report on too many instances of ill health and the passing of Theo Taylor and his wife Gwen. Theo was a very respected member of the club.

Webmaster John Russell contributed to improving the look and content of our web site during the year. Thanks John.

COMMUNITY SERVICE REPORT- David Turnbull

Community Service has always been at the heart of this Club's activities and I am pleased to see that it remains so.

The major fundraising for the Club is done under Community Service banner, with our two regular items, the Trailer Raffle and the Garage Sale this year being assisted by a number of Bunnings BBQ's .

Community Service is also the area in which we are seen in the local area, performing tasks for which Rotary is well known. Undertaking some worthwhile activity to assist the local community or raising money to assist others further removed from our comfortable local lifestyle.

As Community Service's Director it is my role to develop the appropriate programmes and encourage all members to participate.

Those major fundraising activities were again successful this year in raising approximately \$23,000, which has been distributed to our major beneficiaries and smaller community organisations in our local area

The Board has again reviewed our fundraising efforts and it has been decided that the current programmes will generally be continued. The Garage Sale is still our major fundraiser and a good community activity.

We have thoughts of modifying this in terms of our sales and to develop some fun activities to boost the community side of the event.

Any suggestions from members would be gratefully received.

The attendance of Club members at various activities has been appreciated and the efforts of our partners, working alongside the members, has been magnificent as usual.

Our activities this year included, Community BBQ's, Ronald McDonald House, Nordby Picnic, Clean Up Australia, Red Shield, Chinese Lantern Festival, Bowelscan and Tree of Joy, in addition to the Trailer Raffle and Garage Sale

I wish to thank all members for their participation and my committee members for their support.

INTERNATIONAL SERVICE REPORT-Graham Cuthbertson

The International Group, while being low key, basically achieved its goals for the year.

We held four working bees at DIK, thanks to all who helped, we are becoming quite expert in stuffing a container. The club attended the GSE dinner held by the Beecroft Club for the New Jersey team, it was very interesting and the team entertained everyone with a very enjoyable music session. The purchase of four "Shelter Boxes" was organized, one by Hawker Britton, two by fund raising for the Burma cyclone disaster and one from other fund raising.

More importantly we have laid down the frame work for future international activities. The board has given approval to the preparation of a proposal for a sister club relationship with the Rotary Club of Patong Beach, Denis Carpenter's current club. As well we are arranging for a FAME Team to go to Sola in Northern Vanuatu next May to help in completing the construction of the hospital.

I would like to thank all those who helped throughout the year and believe the club can look forward to a great year in 2008/09.

VOCATIONAL SERVICE REPORT- Steve Baker

All in all I believe this turned out to be a good year for Vocational Services with most objectives achieved by year end. If there was an issue, it was that the activities were generally skewed toward the second half of the year due to other competing priorities. This should not be an issue in the coming Rotary year. My specific comments are:

Vocational Visits

There were two Vocational Visits again this year.

The first visit was on the 29th October 2007 to The Beer Factory at Seven Hills. For obvious reasons this was a popular venue with approximately 45 attendees. We were given an understanding of the beer brewing process as well as an informative run down on the differences and how they make the many different beers. The Beer Factory also makes alcoholic cider etc. Everyone in attendance also enjoyed the sampling provided by our host of the evening Stuart Borg. A buffet Thai meal at the factory concluded the evening. No one was breathalysed on the way home!

Our second Visit was to the Yennora Wool Stores on the 2nd June 2008. Approx 44 members and guests caught the bus to Yennora where our 2 wool experts and vocational services committee members Graham Evans and Colin Wright gave everyone a great insight into the wool selling process as well as the different types of wool class. This was followed by a very enjoyable dinner in Parramatta at Barnaby's. Thanks to Graham & Colin for organising the evening.

Pride of Workmanship

On the 21st April, the club hosted our Annual Pride of Workmanship evening. We had 3 very worthy award recipients this year recommended by members. They were Cheryl Houston, Bunnings Dural; Bob Myers, West Pennant Hills Post Office and Alex Calabrese Image Pools Dural. Each nomination was spoken to by a club member then President Barry presented the plaques recognising their excellent work.

The evening was highly successful with each recipient indicating how much they appreciated the recognition by the club.

Job Talks

This year we had 3 Job Talks. 2 of these – Michael Moroney and Carol Russell are new(er) members. Long standing member Graham Coles also gave us another interesting talk.

YOUTH SERVICE REPORT- Clive Denmark

Thanks to the members of the Youth committee Rob Wansborough, Tim Bowland , Anthony Scarcella, Tim Bickford & Pierre Tennant & also to those cooptd on to the committee to help with the Art Competition Cawas Sakuhar, Barry Freeman & Jim Simpson.

The following programmes were supported during the year:

Rotary Youth Exchange

Inbound Student 07-08 Erika Jansaker – Sweden

Outbound Exchange student 2007 – Ngaire Ralph- sweden

Returning Student 07 Alex Tenser- Germany

Host parents for Erika in 07-08 : Anthony & Colomba Scarcella, Bob Davison & Bev,

Club Councillor for Inbound : David & Jill Turnbull

Club Contact for Outbound : Bob Davison & Bev

A big thank you to all who have been directly involved, and to the club for its support

Rotary Youth Leadership Award (RYLA)

Sponsored : Scott Dobson & Joel Cuthbertson

Rotary Youth Program of Enrichment (RYPEN)

Student Sponsored

Model United Nations Assembly (MUNA)

Two teams from Cherrybrook Technology High were sponsored

National Youth Science Forum (NYSF)

Student Sponsored : Preet Gosal

Rotary Youth Driver Awareness (RYDA)

A total of 10 Rotary members and partners attended over two days while the whole of year 11 from Cherrybrook Technology High attended this programme

For the first time a Schools **Art Competition** was run for local Secondary & Primary Schools. Conceived and organized by Anthony Scarcella and members/ coopted members of the Youth committee this competition whose theme was “ Rotary in Action” is aimed to give locals school children an understanding of Rotary & its activities, to be fun and to give them an opportunity to get some peer recognition and win worthwhile prizes. It is also seen as an activity which can give our club and Rotary in general some good PR in our community. At this stage it shows every signs of being a success with up to 50 entrants from four local schools & could be repeated in future years

Engineering Challenge- This programme run by Newcastle University had a local session at Macquarie University. 5 club members and partners helped supervise teams from year 10 from eight local high schools whilst they undertook a varied selection of engineering Challenges

Mentoring at Australian Business Week – Carlingford High School .
Clive & a cooptd friend assisted by mentoring at ABW for 2 days

Schools Debate- Organised by Pierre Tenant and adjudicated by Robyn Crossweller. St Benedict retained the trophy by narrowly outpointing CHTS in a spirited debate on the subject that smoking should be made illegal

There were some three youth meetings during the year which featured incoming and outgoing exchange students and students who attended the various programmes above. They were all very enjoyable. Alex Tenser gave an excellent presentation on his return from Germany and Erika gave several excellent presentations including one on Sweden & one on her safari, as well as livening up all meetings she attended. She will be a hard act to follow!

FUND RAISING REPORT- Barry Freeman

We held a think tank meeting in July 2007 and a number of good ideas eventuated. These were looked at but other priorities forestalled the further step of implementation during the year.

The ideas do still exist and are available for the incoming Fundraising Director. Hopefully, 2008-2009 will be the year we find that next fundraiser to take the club to the next level of this most important activity.

MEMBERSHIP REPORT- Ross Ballinger

At the start of the year we did a brain storming session with Barry Freeman in which we discussed how to start a conversation about Rotary with some one that we met selling raffle tickets. That must of worked as we had several leads from the trailer raffle. To induct 6 members this year is a tribute to all those who started that conversation and subsequently had that person join us. We welcomed Julie, Carol, Gino, Prue, Tom and Bob all of whom we are proud to say that they are good members of our club.

Unfortunately we have lost Jim Kehoe, Brian Brett, Ross Parkinson and will loose Anthony Scarcella – they will all be missed. A net increase of 2 for the year leaving us with a membership of 42 at year end. A result we should be proud of and one that we should aim to repeat next year.

We have also conducted an Electronic Fireside Chat or as we have renamed it “Rotary 101” with all new members (and 2 others) attending. As this concentrated on our Club we will run ”Rotary 201” early in the new Rotary year so all members can increase their knowledge about District, Rotary International, our Foundations and important Rotary milestones. Hopefully at the end of both sessions we will be able to be extra proud of our organisation.

TREASURERS REPORT – Graham Coles

ROTARY YEAR 2007/2008

The attached financial information is prepared to 31st May 2008. Final Reports for the full year will be available at the 31st July 2008.

General Account

The General Account manages the entire Club Funds used for Administrative purposes and is primarily funded by Members Annual Fees, Dinner fees and Sergeants Fines.

The financial data details the income and expenditure in budget form and also the actual expended for the year to 31st May 2008.

The current surplus is \$7,655.10 and is expected to carry forward into July 2008 approximately \$6,500.

Member Fees for the coming Rotary Year will remain at \$250 however dinner fees will rise by \$1 to \$28 to counter a \$1 increase in costs.

Member fees are largely used to fund the annual subs from RI, District and RDU.

Accounts are submitted monthly at the Club Board Meetings for acceptance by the Board. Final accounts will be sent for audit in August. This is a requirement of the Dept. of Fair Trading and also Gaming and Racing.

Without an audit we would not be able to renew our fund raising license.

Final audited accounts are presented at the Clubs Annual General Meeting conducted in December each year.

Activities Account

The Activities Account manages all club transactions relating to fund raising and expenditure for club activities including donations to selected charities and beneficiaries.

The distribution of funds is obviously governed by the amount of money raised at our major events such as the Garage Sale & Trailer Raffle etc.

There remain a number of donations to be processed in June that will see the bank account balance as at 30th June 08 decline to approximately \$9,000.

The Activities account also funds expenses such as those incurred by youth, international, community service, vocational and similar costs associated with club service. All of these are listed in the attached financial details.

General Comment

I stress that these accounts are preliminary and for the eleven month period ending 31st. May 2008. There will be minor adjustments as the accounts are prepared for audit in July.

The club has again performed financially well this year although some events such as Cherrybrook Chase and Christmas tree sales did not proceed for various reasons thus affecting fund raising.

FINANCIAL SUMMARIES

Activities Account Budget & Expenditure 2007 - 2008			
Income	Budget		Actual
