INDIVIDUAL LETTERS

Individual letters cast in polyurethane and painted colour

Corporate logo and letters cast in polyurethane

Stainless Steel built up letters
Rear mounted studs are cemented into pre drilled wholes in the substrate

Bold beautiful individual letters with your logo faithfully reproduced. We specialise in manufacturing solid cast polyurethane letters painted any RAL colour. We also supply flat cut and built up lettering in a wide range of materials. Back lit letters using LED's and fixings to suit many substrates.

Material

Flat cut stainless steel and plastics with stand-off fixings, chunky cast letters in polyurethane or bronze. Logos can be cut out shapes or cast in various materials to achieve the right effect.

Shapes & Sizes

We can make letters and logos any size and typeface to suit.

Finish & Appearance

Castings are painted any RAL colour or combination of colours. Self coloured plastics, polished or satin finish stainless steel, bronze or brass. Fixings are generally hidden behind the letters and built up letters can be back lit with white or coloured LED's.

Design & Artwork

Clients are encouraged to send us any artwork, size and typeface details at an early stage so that we can assist in the design. Our experienced designers can often work from thumbnail sketches, drawings and photographs to achieve your design.

Fixings

Generally stud fixing or brass locators. Sometimes fixed to rails to minimise the fixing points on a listed building, or as in the case of the "brookes" example, fitted into paving..

Stainless steel letters cut from sheet metal. Mounted into paving.

Letters and crest cast in polyurethane.
Mounted onto a custom mad iron arch.
