Black & Veatch International
PPGPL Phase III & Isobutane Projects
PPGPL Point Lisas Estate
Point Lisas, Trinidad, W.

January 27, 2009

TO WHOM IT MAY CONCERN

Black & Veatch International has conducted business with H.J. Stauble Limited for over a year in support of the two projects listed above. H.J. Stauble Limited has provided structural steel materials and fabrication, as well as onsite erection, and completed all work in a timely, professional, and safe manner.

We continue to use H.J. Stauble Limited to support the project as we near completion, and would not hesitate and intend to utilize their services in the future should we have an opportunity to do so.

If you would like additional information about H.J. Stauble's performance at Black & Veatch International, do not hesitate to give me a call at (868) 636-7286 or (868) 468-5064.

Yours faithfully

BLACK & VEATCH INTERNATIONAL
