

SEA-Tank Terminal

Member of the SEA-invest Group

The terminals, with a total capacity of more than 3.300.000 m³, offer state-of-the-art storage and handling infrastructure for mineral and vegetable oil products, liquid fertilizers, molasses, fish oil, biofuels, chemicals and other.

A wide range of insulated tanks in various sizes are equipped with dedicated product lines and pumps to avoid contamination.

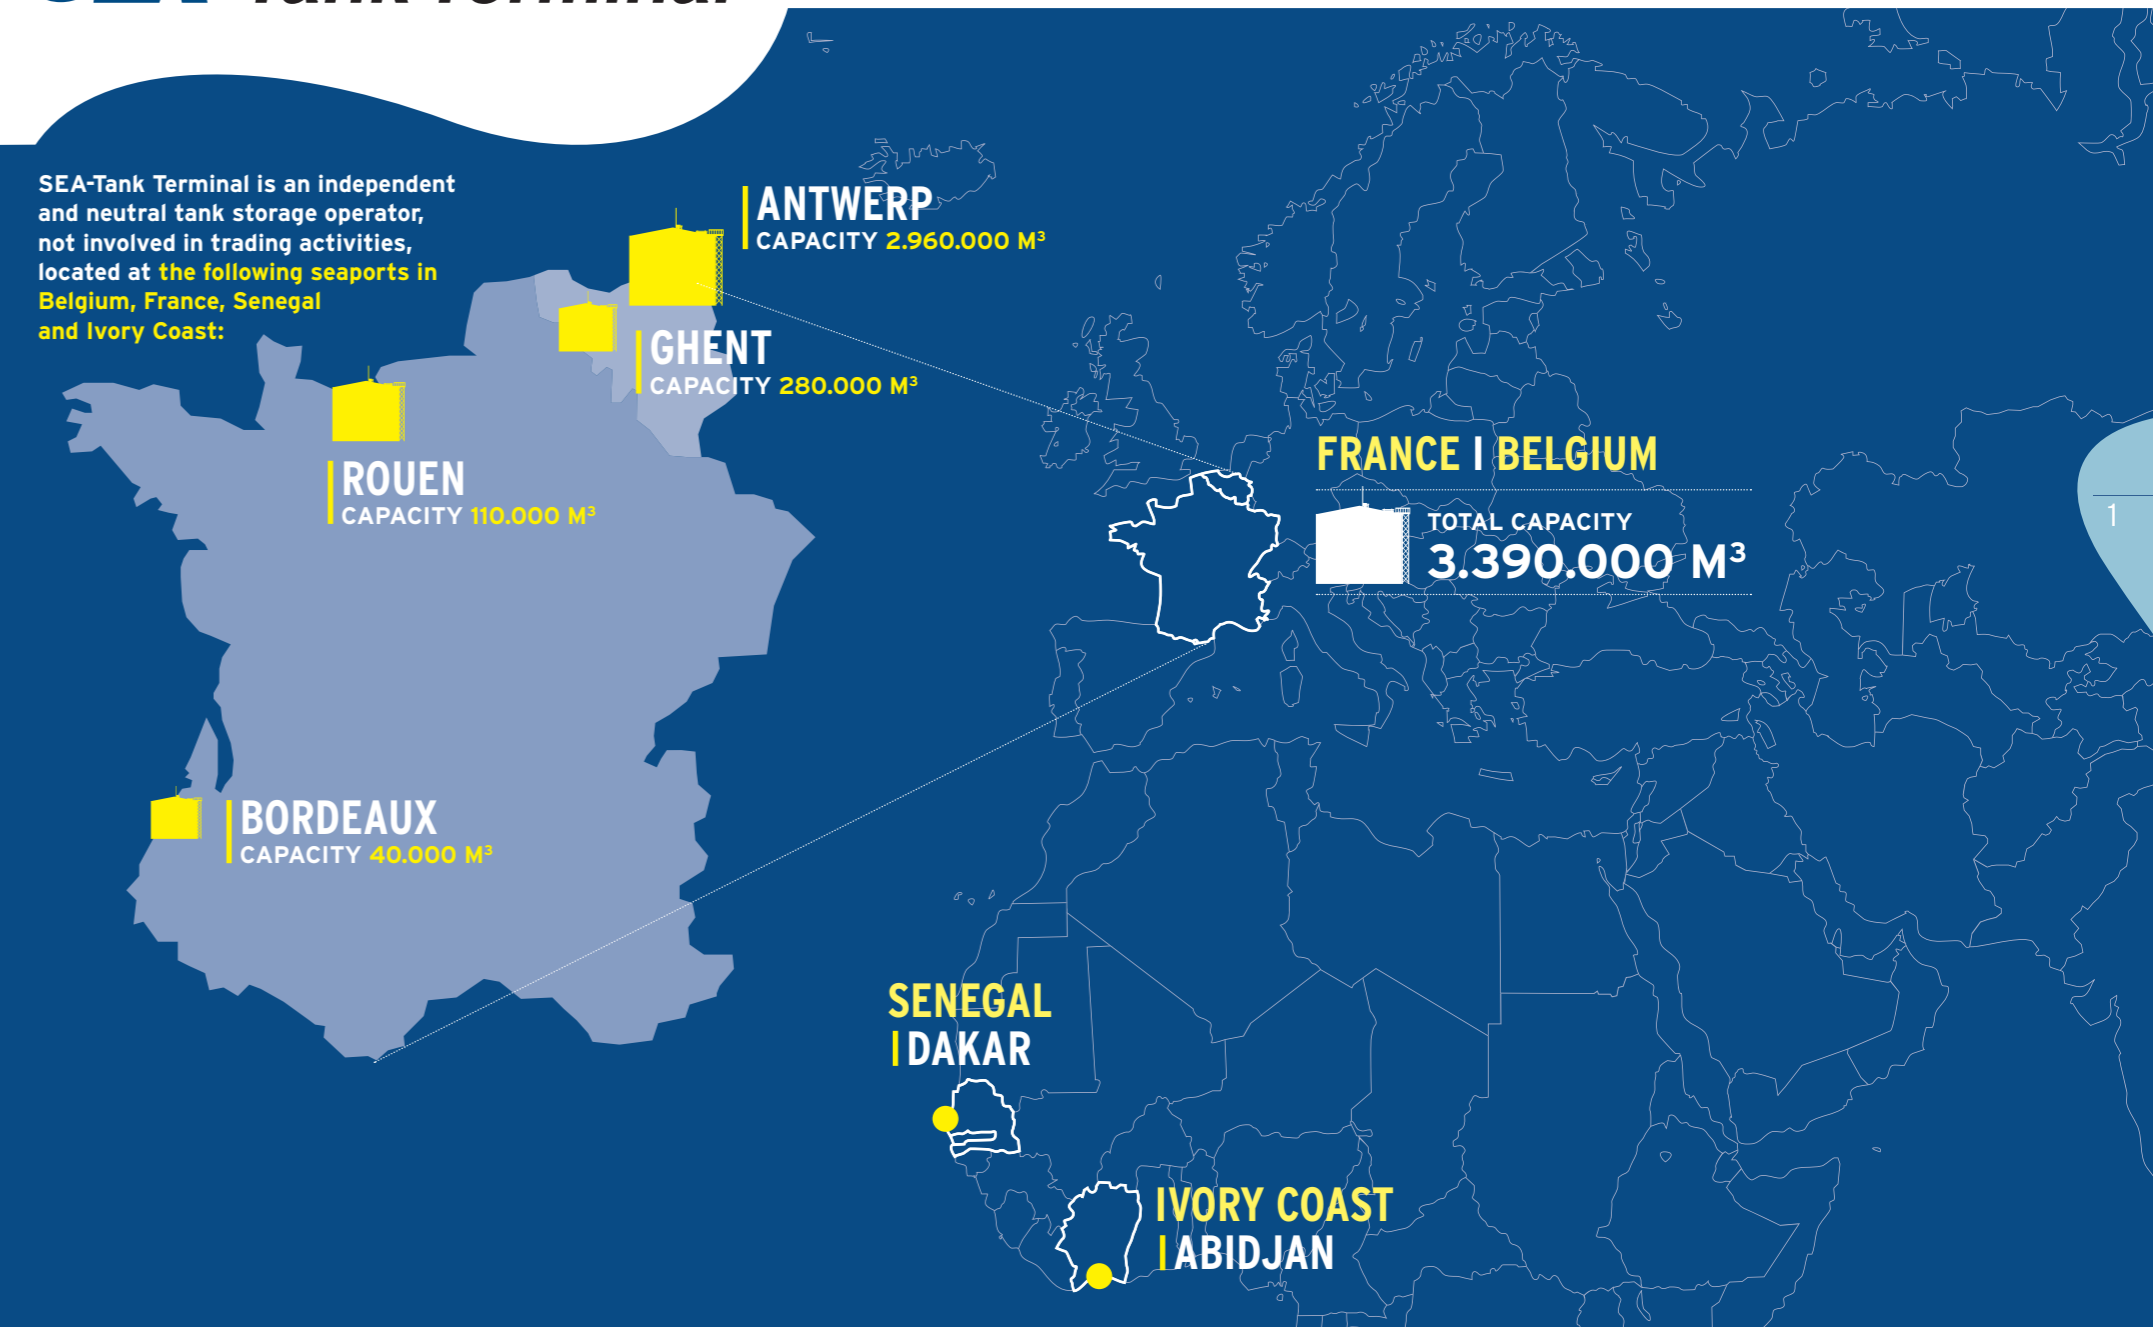

Services:

- ▶ ship to ship transshipment
- ▶ blending / homogenising
- ▶ heating and nitrogen blanketing
- ▶ truck loading facilities
- ▶ customs and excise bonded storage
- ▶ drumming

SEA-Tank Terminal offers its customers the possibility to develop dedicated facilities or to adapt tankage in order to maximize the fulfilment of their needs.

KEY FIGURES OF SEA-INVEST GROUP

ANNUAL TONNAGE TURNOVER: MORE THAN 100 MILLION TONS

5.500 EMPLOYEES

ACTIVE IN 25 PORTS IN 8 COUNTRIES

SEA-Tank Terminal is a member of the SEA-invest Group, privately owned, with a long-standing history in port handling.

Starting out in the port of Ghent, SEA-invest soon became a leading stevedoring company in Western Europe and Africa. Today the SEA-invest Group is present in Belgium, France, the Netherlands, Germany, Poland, Ivory Coast, Senegal and South Africa.

All together, SEA-invest yearly handles more than 100 million tons of cargo for which it has more than 800 ha of land in various ports at its disposal. In the last decades, port handling services have been extended by a wide range of added value services, for which SEA-invest invested in purpose-built installations, all tailored to their customers' demands.

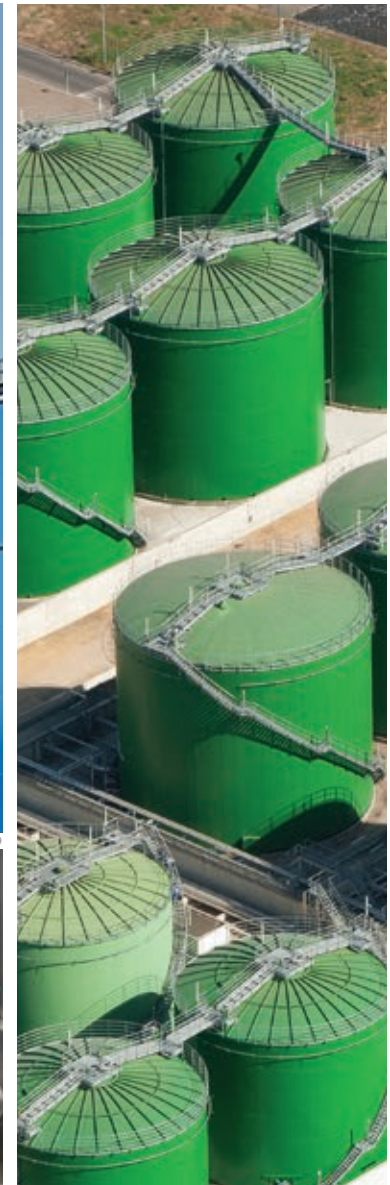

The activities of SEA-invest can be divided in 8 business units:

- ▶ Dry bulk
- ▶ Fruit & food
- ▶ Liquid products
- ▶ Break bulk, containers & RoRo
- ▶ Logistics & warehousing
- ▶ Freight forwarding & customs brokerage services
- ▶ Shipping & agencies
- ▶ Services
