W.R. COBB *Company* is committed to growing our company efficiently, effectively and ethically while respecting and acknowledging our responsibility as a global citizen. Compliance with ethical and legislative guidelines is the cornerstone of our philosophy as a leader in the industries we serve. Dedication to continuous environmental consciousness is evident by our achievement of the ISO14001:2015 Environmental and ISO 9001:2015 Quality Management System certifications.

CALIFORNIA'S LEAD-CONTAINING JEWELRY LAW – COMPLIANT

W.R. Cobb Company does not intentionally add lead or cadmium to any of our products. Incoming materials and production melts are carefully checked for lead and cadmium content. Products you purchase from W.R. Cobb Company do not contain a level of lead or cadmium that would prohibit the product from being sold or offered for sale pursuant to Article 10.1.1 Chapter 6.5, Division 20, of the California Health and Safety Code (Sections 25214.1-25214.4.2).

ISO 9001:2015 – CERTIFIED

As the world's most popular standard for quality management, ISO 9001:2015 establishes the standards as a quality management tool in addition to providing significant framework for business improvement, delivering efficiencies and customer satisfaction.

ISO 14001:2015 – CERTIFIED

W.R. Cobb Company is proud of its ISO 14001:2015 Certification. We established goals and implemented policies leveraging an Environmental Management System (EMS) which is a systematic approach to handling environmental standards within the organization.

KIMBERLEY PROCESS – COMPLIANT

This initiative seeks to eliminate trade in conflict diamonds, or rough diamonds, sold by rebel groups or their allies to fund aggression against legitimate governments.

PATRIOT ACT – COMPLIANT

On January 1, 2006, the United States Department of the Treasury enacted the requirement of Anti-Money Laundering (AML) programs for all dealers and retailers in precious metals, precious stones or jewels to detect money laundering and the financing of terrorism under the USA Patriot Act ("Act"). The Act's purpose is to require dealers and retailers, with sales and purchases in excess of \$50,000 per year, to monitor its transactions and ascertain the identity of business partners. Dealers and retailers are not formally considered "financial institutions" under the Act and must implement an AML compliance program.

RECYCLED GOLD – COMPLIANT

At W. R. Cobb Company we are committed to the development of and adhering to practices that embrace environmental wellbeing. By leveraging our expertise and leadership within the industry, we provide our customer with gold products that are 100% recycled.

DODD FRANK ACT – COMPLIANT

Section 1502 of the Dodd Frank Act requires companies to disclose whether any of the products manufactured or contracted to be manufactured by the company contains conflict minerals that originate in the Democratic Republic of Congo (DRC) or having an internationally recognized border with DRC and include Angola, Burundi, Central African Republic, Republic of the Congo, Rwanda, South Sudan, Tanzania, Uganda, and Zambia. For the industries it serves, W.R. Cobb Company is compliant as it relates to the conflict minerals of gold.

W.R. Cobb Company complies with this legislative guideline by:

- Only accepting gold from refiners on the LBMA good delivery list, EICC/GeSI conflict-free compliant smelter list, certified members of the Responsible Jewellery Council or refiners which certify and independently audit that all gold supplies are conflict free.
- Only accepting gold from Precious Metals Trading Companies which certify and independently audit that all gold from Refineries and/or Banks adhere to the Refinery & Bank compliance requirements listed above.
- Only accepting scrap and/or recycled gold from customers or suppliers which certify and independently audit all scrap and recycled gold.
