EMBRACE MOBILITY.

The PAR Tablet Solutions Guide

The PAR Tablet family is a collection of Enterprise grade tablets, peripherals, and accessories designed and optimized for your environment.

With over 38 years in the hospitality and retail industries, PAR has used its industry knowledge and experience to meet the needs of your operation, providing the mobility, durability and elegance your environment demands.

Whether you are looking to extend your POS solution, enhance customer experience, or improve the efficiency of your operations, the PAR Tablets offer the perfect solutions for your business by providing multiple use cases:

- Mobile / table POS
- Line/Queue busting
- Table management
- Personalized shopping experience
- Store management
- Customer Loyalty
