World Leading
Environmental Data
Management Software

MonitorPro Desktop

“I have dearly enjoyed using your programme (MonitorPro Desktop), having used many a monitoring database software, but nothing is as user friendly, custom fit to individual business needs, or provides the ongoing support and services as does EHS Data, a truly wonderful development, congratulations.”

Catherine Wharton
Environmental Coordinator
at KCGM, Kalgoorlie, Australia

Delivers a fantastic Return on Investment (ROI) through a series of key features including:
