No more queueing up outside a busy store or having to visit a laundromat to get fresh and clean clothes. Gold Dry Cleaners provide an online dry cleaning and laundry platform with collection and delivery services throughout central London. Because of the current Covid-19 pandemic, socially distanced deliveries and pickups are also possible. We can leave your order in a designated safe spot or with someone you nominate to accept it on your behalf such as a concierge or butler. Gold Dry Cleaners also offer free delivery for every order upon prior request within 24 hours of the cleaning being completed. The collection is also free of charge if your order exceeds £30. How is that for a bargain? Simply log onto our website www.golddrycleaners.com to place your order. Our online store is open 24 hours a day and 7 days a week so that you are never stuck in a sticky situation without your favourite shirt or suit. With exclusive deals and discounts available to members, sign up today!

Crisp sheets, fluffy towels and pristine shirts are now possible with just a couple of clicks all in the convenience of your own home. Getting your home linen and garments clean has never been this hassle-free. Our online dry cleaning platform facilitates you by offering shorter turnover times and guaranteeing the best quality every single time. Next day delivery is also possible. With prices starting from as little as £2.49 for a hung shirt, Gold Dry Cleaners are easy on your pocket while freeing up time for you to do more of what you love. Our online service is not only limited to clothes. Alterations such as sewing buttons as well as repairing pockets and zips are also offered at the same budget-friendly prices. Cleaning and repairing men and women's shoes including heels is our forte. www.golddrycleaners.com is your one-stop solution for laundry, dry cleaning, repairs and more.

To keep up with changing times, we have introduced an online platform to complement our existing business models which primarily consisted of brick and mortar services. Having been in the dry cleaning industry since 1990, we have evolved over the decades. A decrease in leisure time and a busier lifestyle in the past 30 years has meant less time for mundane chores like washing and ironing. Businessmen who come to London from abroad needing suits cleaned on an urgent basis. Young working parents who would like to spend the weekends with their kids instead of washing, ironing, and folding on repeat. Air BnBs needing professional bed sheets and duvet cleaning services. This is where we step in to facilitate you. Affordable pricing and unmatched in quality and convenience, Gold Dry Cleaners use premium materials and technologies guaranteeing treatment with care. Our solvents are gentle with highly effective stain removal. With customer service at the heart of our business, we go above and beyond to provide an untaxing experience for our customers. Try our award-winning services today!

We are happy to answer all your questions and address your concerns.

Having been in the business for 30 years, we are proud to be one of the few London based dry cleaners to offer everything in house. Where most dry cleaners and laundry companies will outsource some of the work they get, we have an expert team with state of the art equipment to serve all your needs under one roof. Everything from sewing back loose buttons on a shirt to cleaning your curtains is done at our factory with utmost attention to detail. Our comprehensive list of services at very pocket friendly prices has been regularly appreciated by our repeat customers. With customer service at the heart of our business, we ensure satisfaction with every order. Consistency is another element that we pride ourselves on. Despite having been in the business for three decades, we regularly strive to improve and evolve.

At Gold Dry Cleaners, we are your one-stop solution for alterations, shoe repairs, ironing as well as steam cleaning. Duvets, bed sheets and towel cleaning for homes and Air BnBs is also something we offer. Our industrial sized machinery coupled with solvents tailored to every stain can breathe new life into your carpets and home linen. We also play our part as a socially responsible organisation. Driving energy efficient delivery vans and using environmentally friendly solvents and detergents, we try our best to help conserve the environment. According to studies, the average person spends up to eight hours per week doing laundry or laundry related chores such as hanging or folding. Even though it may not seem like very much numerically but given how busy our lives have become, it is a chore which can easily be outsourced. Save yourself the hassle and effort of going to multiple avenues and choose from our vast range of services to experience matchless quality. With exclusive discounts and offers being regularly updated on the website www.golddrycleaners, sign up today to get the most value for your money. Members get more!

The average Brit spends 2175 hours in their lifetime performing household chores. The second most time consuming task after kitchen work is laundry and washing clothes. Sorting clothes

into lights and darks as well as carefully scrutinizing care labels to make sure the temperature and cycle strength agrees with the fabric are also pertinent for a job well done. With a bewildering array of detergents and washing powders on the market each promising to get your stains out better than the competitor, it is best to put your feet up and rely on professional laundry services to make your life easier. At Gold Dry Cleaners, we provide expert laundry service for your clothes keeping them vibrant for longer. With a wash, dry and fold facility starting at only 3 pounds per kilogram, it is an ideal solution for your laundry woes. We understand that an average family washing machine has the capacity to wash up to 8 kg of clothes at a time which is why we offer this service with drying for 15 pounds only. We also offer iron only options. Take a look at our pocket friendly prices on the website www.golddrycleaners.com. Overflowing hampers and inability to find clean ironed shirts is a thing of the past. Our online platform facilitates a busy lifestyle by providing door step pick up and delivery services.

At Gold Dry Cleaners, a strong focus on quality and providing top notch customer service is of utmost importance. Even the water used for laundry, before it comes into contact with your clothes is purified to guarantee the best possible results. The use of this purified water also makes stain removal easier making sure that fabrics are treated gently and protected from any possible damage. Our state of the art machinery uses a special wax that applies a hotel like sheen to your ironed clothes makes them immaculate and crease free. For people who do not have hours to dedicate each week to de-dirtifying their clothes, Gold Dry Cleaners provide an efficient service which cuts that time down to nearly zero.

Using automatic roller pressers means we can cater to big loads of laundry. As a result, bulk orders especially from the hotel and hospitality industry are also our forte. No quantity or size of item is too big for us as our machines are not operated manually as is the case with many traditional laundrette facilities across the city. Offering turnaround times of as little as 24 hours, we go above and beyond to ensure that our customers get their clean clothes back well in time. We also offer free delivery for all orders provided that we are informed within 24 hours of the cleaning being completed. At Gold Dry Cleaners, our main aim is to maximize convenience for our customers and be budget friendly at the same time. Our quality and timeliness has been regularly praised by our patrons across London rendering our laundry services as some of the best in the city.

Gold Dry Cleaners offer laundry services on a whole new level which sets us a class apart from the rest. We clean laundry using automatic dosing systems. This means that all laundry, which is given to Gold Dry Cleaners, will be not manually treated but treated by a machine, which will automatically give the right type of chemicals which are needed for the individual loads.

Laundry service at Gold Dry Cleaners has a unique operating system which allows for all laundry to be washed, pressed and returned at quick speed as we operate in the whole of London, and no laundry is too far for us to collect. At Gold Dry Cleaners laundry is pressed with the highest level of wax, which applies a hotel like finishing to each item. Our main aim for laundry is not to only be the quickest in London but to additionally have the best results on our laundry.

For Gold Dry Cleaners, no laundry quantity is a high demand due to our automatic roller pressers. With Gold Dry Cleaners, the more laundry you give the bigger savings you will get. Our operational functionality allows us to give bigger discounts to bulk orders which are worth more.

“Laundry service near me” is always the concern for all our customers no matter where they live in London. Gold Dry Cleaners has heavily invested in its laundry facilities as it understands that laundry will be a big industry year on year due to its demand by customers.

At Gold Dry Cleaners, all laundry is tagged and put into separate laundry bags before washing as we believe one household’s laundry should not be mixed with others. This is because clothes can catch embedded smells from other laundry if kept in the same bag for more than 24 hours. Gold Dry Cleaners believes laundry hygiene is very important especially as Covid-19 has shown us to be very vigilant and set a high standard for laundry cleaning across the board.

Laundry water, which is used to clean clothes at Gold Dry Cleaners, is purified. This is because we believe the quality of water is very important to deliver excellent results on laundry. Water comes in from the main pipes and goes into tanks which purify the water with filters to make sure water quality is clear to provide Gold Dry Cleaners customers with the best results. Gold Dry Cleaners also use water softener, which brings the water to the purist form. This helps stains to come off naturally in the cleaning process, and means the laundry doesn’t require hard chemicals to be applied which can potentially damage the laundry.

Gold Dry Cleaners is the only dry cleaner, which collects laundry and delivers back to customers with the whole contingency done in-house. The benefit to customers is that they know all laundry is being done with no middle companies involved unlike Gold Dry Cleaners competitors such as I hate ironing and Love2laundry who outsource all of their work to different suppliers near the pick up location.
