

Domestic, Hotel, Leisure & Commercial

Bespoke Shower Trays

01204 380 780

Specifications

Manufactured to clients specifications or technical diagrams.

All aspects of shower trays can be customised including

- Height – usually 50mm or 100mm
- Shape and size
- Waste position
- Colour options

A technical diagram will be supplied by Versital for confirmation upon placing order.

Bespoke shower trays can also be manufactured from template for accuracy on clients request. This is especially useful in cases of off shapes.

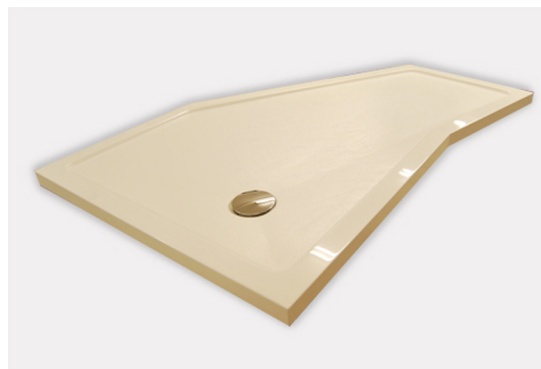

Multiple shower areas within one tray available.

Textured floor area of tray category 2 anti slip suitable for domestic and commercial installations

90mm waste aperture the most chosen size. However, this can be customised to client's specifications.

Channel waste options from McAlpine available.

Complimenting shower panels and vanity tops available.

Features & Benefits

High quality solid cast stone resin material.

Ideal for domestic installations, hotels, leisure, health clubs and spa's.

Versital is impervious to soaps and detergents.

Hygienic and easy to clean.

Available in 90 colour options including true to life marble and granite's, sparkle and solid colour finishes.

Custom RAL options available upon request.

The gel coat finish is impervious to stains. Most other solid surface materials lack this protective layer (allowing stains to penetrate the surface).

Economies of scale available on bulk purchases.
