Engineers Assistant

Position

Tellemachus are looking for someone to assist the Engineering team on an ad-hoc basis with general duties as required on a day to day basis. No installation experience is required although would be beneficial.

Customer Site based throughout the UK.

Ad Hoc Basis

Role

We are looking for a team member who can:

- Assist the onsite team with pedestrian & traffic management
- General onsite duties
- Setting up safe work areas
- Accommodate early starts and late finishes
- Comply with H&S policies and procedures at all times
- Be responsible for carrying out all designated duties in a safe and responsible manner
- From time to time, be required to undertake straightforward maintenance

This role may involve working at height & traveling throughout the UK with frequent overnight stays.

Description

The role covers the support of onsite installation and maintenance of a range of technical systems ranging from IT infrastructure (including copper & fibre cabling), wireless telecoms systems through to CCTV and Access Control. Experience in these fields is not required as you will be assisting the technical engineer only.

Work day: Monday – Friday (requires flexibility and some OOH's working) + frequent OT

Hourly rate based £10/hour

Accountability and Reporting

The role reports directly to the Technical Engineering/ Project Managers on a daily basis.

Required Competencies

- Full clean UK driving Licence.
- Work ethic – Possesses a strong willingness to work hard & sometimes long hours to get the job done.
- Flexibility – Adjusts quickly to changing priorities and conditions. Copes effectively with complexity & change.
- Enthusiasm – Exhibits passion and excitement over work. Has a can-do attitude.
- The ability to communicate effectively & efficiently.

Principal Accountabilities

Assisting with:

- Installation/maintenance of IT, CCTV, Access Control & Telecoms equipment.

What we offer

- Tools & PPE provided
- Hourly paid with overtime
- Expenses including meal allowance
- Single occupancy accommodation

Additional Information
